SCOPE OF SERVICES - EXHIBIT A

1. RESPONSIBILITIES OF AGENCY:

(Please provide a detailed description of services and deliverables to be provided by Tipton School District.)

Tipton School District will hire a minimum of the same number of paraprofessional aide(s) from 2023-2024 school year to provide one to one services to selected at-risk K-3 students utilizing the Special Friends model. District agrees to implement this model based on the guidelines provided by the Tulare County Office of Education grant coordinator.

District agrees to:

Provide supervision of the Special Friends paraprofessionals by a P.P.S. credentialed school psychologist.

Provide workspace activity room for the paraprofessional to conduct services with students. Room should be reasonably confidential and easily accessible.

District will utilize Tulare County Office of Education provided evaluation tools and agrees to follow evaluation procedures and guidelines.

District agrees to gather the required demographic and evaluation data needed to implement this program.

District agrees to provide Tulare County Office of Education with monthly invoices no later than the 5th of each month. The provided invoice template shall be utilized by District.

Paraprofessionals will participate in monthly training provided by Tulare County Office of Education.

Budget expenditures are expected to be in the following areas: part-time salary(s) for paraprofessional Special Friends(s) plus benefits, mileage to monthly meetings, materials, and indirect costs.

Funds will not be used to supplant any currently funded service.

2. RESPONSIBILITIES OF SUPERINTENDENT:

(Please provide a list of items The Tulare County Superintendent of Schools will furnish.)

Provide ongoing consultation to sub grantees by the grant coordinator in the form of email/electronic communication, telephone consultation, and face-to-face visit to sites.

Provide initial training for Special Friends paraprofessionals in September 2024.

Provide evaluation forms and procedures. Provide hand-outs, brochures, on-going training materials and resource information to school sites. Provide print, electronic and PowerPoint educational materials to assist with program implementation.

INFORMATION:

4.1 California School Dashboard Local Indicators

2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Tipton Elementary School District	Cherie Solian Principal	csolian@tipton.k12.ca.us (559)752-4213

Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Local Indicators

The local indicators address the following state priority areas:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2023-2024

Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

Implementation of State Academic Standards (LCFF Priority 2)

OPTION 2: Reflection Tool

Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: ¹

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 – Exploration and Research
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Sections of the Self-Reflection Tool

Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

Tipton School provides access to translators for parent/teacher conferences, SST, ELAC/DELAC, SSC, and LCAP meetings, as well as individual meetings scheduled with teachers and administrators at the parents request. All school correspondence is delivered in parents primary language as well as English. Parents are excited to implement a parent/teacher club. Tipton school hosted workshops to support parent learning. In order to increase our capacity to support our parents the district's parent liaison will continue to assist with the coordination and implementation of parent support and training opportunities. Tipton School administration and teachers have implemented parent engagement nights. The school will continue to host parent engagement nights.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Tipton School will continue to grow relationships between school staff and families by sharing information regarding community-based organizations that can help with mental health services, free sports activities for students, and training on supporting students through monitoring academic growth.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

1. Tipton teachers will hold fall and spring conferences with parents each year to discuss each students' academic strengths and weaknesses. Teachers will also hold conferences with parents throughout the year on an as needed basis. Progress reports will be sent out to families each quarter to provide timely information to parents regarding current grade progress.

2. Tipton will hold SST meetings for students who need additional support in the classroom twice a month.

- 3. During parent engagement nights teachers will provided resources for parents to help their students with social/emotional or academic needs.
- 4. Our goal over the next few years is to provide training to support staff to build capacity to partner with families.
- 5. Tipton School will provide additional culturally relevant events where students, families, and staff can engage in social interactions to develop better understanding of cultural values.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA’s progress in providing professional learning and support to teachers and principals to improve a school’s capacity to partner with families.	4
6. Rate the LEA’s progress in providing families with information and resources to support student learning and development in the home.	4
7. Rate the LEA’s progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA’s progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

- 1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Partnerships for Student Outcomes.

Tipton school and families are working to enhance the capacity of families and staff to cultivate and sustain respectful and effective communication that links academic and social emotional learning improvement for students and supports student development. We are committed to being encouragers, models of of lifelong learning, advocates for improved learning opportunity, and collaborators with decision-making.

- 2. Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Building Partnerships for Student Outcomes.

The focus areas for improvement include but are not limited to: provide additional opportunities for families to engage in conversations regarding academic learning, share information regarding community- based resources for mental health services, include parent voice in school-site safety conversations, provided data and information to families for feedback in the areas of academic and SEL.

- 3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Tipton school will provide clear and translated information regarding procedures for volunteering on campus. The Tipton school parent liaison will provide parent training on immigration status, how to get involved in making school decisions, and how to support their students at home with healthy living. All engagement opportunities will be provided in English and Spanish. Additional home visits will be made to encourage families to engage in the parent-teacher club and invitations to school events.

Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
2. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
3. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5
4. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

1. Principal, staff and parents participate in advisory groups quarterly.

2. All parents are invited to attend advisory meetings through Parent square and notes that are sent home in English and Spanish.

3. Create and distribute a survey asking for parental feedback on family engagement activities.

4. Our goal over the next few years is to increase family engagement and decision making input.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Areas of focus: conduct empathy interviews with parents at least once a year.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

Tipton school will provide technology at SSC and ELAC meetings for participation in surveys. All surveys will continue to be offered in Spanish and English. Parents have requested that surveys be sent home in a hard copy. This will be done in Spanish and English.

School Climate (LCFF Priority 6)

Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

Prompt 1 (DATA): Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Data:

In May of 2024, the California Healthy Kids Survey data from the fall of 2023 was presented to the Tipton Elementary School Board. California Healthy Kids Survey is a summary of key indicators of school climate and student wellbeing in grades 6 and 7. The students in 5th grade took a safety and connectedness survey. New for 2023-2024 5th graders were not able to participate in the California Healthy Kids Survey. The sixth-grade sample data included: 92% participation, 52% males, 44% females, 2% nonbinary, and 2% something else with 63% of 6th graders speaking Spanish at the home. The seventh-grade sample data included: 96% participation, 52% males, 46% females, 0% nonbinary, and 2% something else with 67% of 7th graders speaking Spanish at the home.

Below is a summary of the significant results broken down by 6th and 7th grade.

School Performance, Engagement and Supports

50% of sixth graders and 62% of seventh graders felt that they had caring adult relationships in school

72% of sixth graders and 62% of seventh graders feel connected to school

49% of sixth graders and 64% of seventh graders feel that they have an adult that really listens to them when they have something to say

67% of sixth graders and 86% of seventh graders feel like the adults at the school have a high expectations

25% of sixth graders and 27% of seventh graders feel that they experience meaningful participation at school

61% of seventh graders feel safe in school

Social and Emotional Health

29% of sixth graders and 36% of seventh graders feel chronically sad or hopeless in the past six months

23% of sixth graders and 15% of seventh graders have seriously considered suicide in the past 12 months

25% of sixth graders and 31% of seventh graders feel emotional distress

48% of sixth graders and 53% of seventh graders reported they have optimism.

School Violence, Victimization, and Safety

67% of 6th graders and 63% of seventh graders perceive that they are safe at school

22% of sixth graders and 7% of seventh graders have been in a physical fight, one to four or more times

2% of seventh graders have carried a gun on school property at least one time and 2% four or more times

6% of sixth graders and 4% of seventh graders have carried other weapon such as a knife or club at least one time

10% of sixth graders and 16% of seventh graders have been threatened with injury or harm at least once

6% of sixth graders and 11% of seventh graders have been threatened or injured with a weapon, one to four or more times

21% of sixth graders and 13% of seventh graders have seen someone carrying a gun, knife, or other weapon on school property in the past 12 months, one to four or more times.

Alcohol and Other Drug Use

16% of sixth graders and 11% of seventh graders have used alcohol in their lifetime

10% of sixth graders and 2% of seventh graders have used inhalants

2% of sixth graders and 2% of seventh graders have used other drugs to get high three or more days on campus

10% of sixth graders and 10% of seventh graders say that it is fairly easy to get marijuana or other drugs to get high

10% of sixth graders and 13% of seventh graders admit to using tobacco or vaping at least once off campus

Below is a summary of the significant results broken down by 5th grade

Prompt 2 (MEANING): Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Meaning:

Strengths-

More than half of the students experience caring relationships with adults on campus. Students feel that the adults have high expectations. The majority of students feel safe at school. The majority of the students feel connected to the school. Almost half of the students feel optimistic.

Challenge-

Some students have experienced drugs or alcohol use. A few report it's easy to get marijuana or other drugs. A small group reported seeing someone carrying a weapon.

Barriers-

Mental health support from community-based organization has taken a long time to process referrals and lack of follow-through on behalf of parents. The number of students who need supportive services has increased.

Prompt 3 (USE): Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Use:

TESD has increased the psychologist day to provide more support with services. We contracted with the county to provide additional services with our school psychologist and behavior specialist. The need for extra support in SEL are a priority for our students. The district offers Caresolis as another resource to students, parents and staff.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

Tipton uses class enrollment records and lesson plans as the local measure to assure that all students are enrolled in the broad course of study. In addition, the principal reviews weekly lesson plans to assure that all teachers are teaching English Language Development to provide access to core curriculum. Based upon review of class enrollments and teacher lesson plans, every student at Tipton is enrolled in and has access to the broad course of study. All students have access to the broad course of study including English/Language Arts, Mathematics, Social Studies, Science, Visual and Performing Arts, Physical Education, and Health Education.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

100% of unduplicated and special needs students were enrolled in a broad range of study. This is confirmed through the examination of all lesson plans. 6-8th grade students have the opportunity to take multiple electives each year. The following electives are offered: Ag, Art, Drama, STEM, Computer Programming, Journalism, Speech, Engineering Design, Music/Band, and Home Economics. Our unduplicated pupils and students with exceptional

needs were provided access to a large variety of programs in order to support their growth and achievement. Included in this is access to differentiating computer based programs, instructional aides, leveled texts, and highly qualified teachers. Students are also offered small group instruction and intervention, speech and language services when appropriate, provide behavior intervention services as appropriate. Ongoing collaboration with special education and general education staff. Through comprehensive evaluations of district programs and lesson plans all students had access to a broad range of studies. Unduplicated pupils and students with exceptional needs were provided Free Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE) by providing them access to the general education curriculum through a variety of supports and programs to support their growth and achievement. Students received Specialized Academic Instruction (SAI) in their areas of need.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

TESD has been able to offer a broad range of study which included music. New electives were introduced to students for the 2023-2024 school year. This will continue with the 2024-2025 school year. Due to unforeseen circumstances the music class for K-5th graders was stopped during the 4th quarter of the school year. It will resume for the 2024-2025 school year.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

Tipton remains committed to ensuring access to a broad course of study through professional development, strategic intervention based on data analysis, supplemental instructional materials targeting student needs, and student support services. Continued support will be provided for a diverse array of studies, with elective courses offered to furnish students with the essential materials and supplies required for their success.

Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					

Coordinating Services	1	2	3	4	5
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.

5.1 Board Resolution #2023-2024-11 in the Matter of Spending Determination for Funds Received from the Education Protection Account for 2024-2025 Fiscal Year

**BEFORE THE BOARD OF TRUSTEES
OF THE TIPTON SCHOOL DISTRICT
TULARE COUNTY, STATE OF CALIFORNIA**

In the Matter of the Spending Determination
for Funds Received from the Education
Protection Account pursuant to Article XIII,
Section 36 of the California Constitution
2024-25 Fiscal Year

RESOLUTION No. 2023-2024-11

RECITALS

1. The voters approved Proposition 30 on November 6, 2012;
2. Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;
3. The provisions of Article XIII, Section 36(e) create in the state General Fund an Educational Protection Account to receive and disburse the revenues derived from the incremental increases in taxes by Article XIII, Section 36(f);
4. Before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;
5. If the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;
6. All monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;
7. Monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;
8. A community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

9. The governing board of the district shall make the spending determination with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;
10. The monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;
11. Each community college district, county office of education, school district and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent;
12. The annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;
13. Expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, BE IT RESOLVED as follows:

1. The above recitals are true and correct;
2. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent for the 2024-25 fiscal year shall be made in open session of a public meeting of the governing board of Tipton School District;
3. In compliance with Article XIII, Section 36(e) of the California Constitution, the governing board of the Tipton School District has determined to spend the monies received from the Education Protection Account for the 2024-25 fiscal year as attached;
4. Upon finalizing financial data for the fiscal year, the District Superintendent, or designee, is hereby directed to immediately publish on the district's Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

THE FOREGOING RESOLUTION was adopted upon motion by Trustee _____,
seconded by Trustee _____, at a regular/special meeting held on June 11, 2024, by the
following vote:

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Tipton Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Tipton Elementary School District is \$10,250,079, of which \$7,783,926 is Local Control Funding Formula (LCFF), \$1,785,838 is other state funds, \$254,950 is local funds, and \$425,365 is federal funds. Of the \$7,783,926 in LCFF Funds, \$2,331,686 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Tipton Elementary School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Tipton Elementary School District plans to spend \$10,496,842 for the 2024-25 school year. Of that amount, \$3,105,543 is tied to actions/services in the LCAP and \$7,391,299 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Most teachers, administrator, classified staff salaries and benefits, purchase of state adopted curriculum and materials, maintenance, cafeteria, and transportation costs.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Tipton Elementary School District is projecting it will receive \$2,331,686 based on the enrollment of foster youth, English learner, and low-income students. Tipton Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Tipton Elementary School District plans to spend \$2,614,424 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Tipton Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Tipton Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Tipton Elementary School District's LCAP budgeted \$2,828,635 for planned actions to increase or improve services for high needs students. Tipton Elementary School District actually spent \$2,512,086 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-316,549 had the following impact on Tipton Elementary School District's ability to increase or improve services for high needs students:

The difference in planned and actual expenditures had no impact on the delivery of services for high needs students. There was an overbudgeting in some planned expenditures, thus resulting in the difference. High needs students received planned Action services as intended.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The actions outlined in Goal 1: Improve student achievement in English Language Arts, Math and increased academic achievement for all English Learners. These actions support the progress in meeting the goal to decrease the points away from meeting standards on the CAASPP assessments, increase the percentage of students meeting proficiency in reading and math, increase the percent of students proficient in writing, increase the percentage of English learner reclassification rates, and increase the percentage of ELs who make progress toward English proficiency on ELPAC.

Action 1.1: Provide small group intervention support with instructional aides in ELA to all students including English learners, foster youth, and low income students.

Action 1.2: Provide students with access to technology and resources for student research and learning in ELA and math through the purchase of replacement of technology devices, infrastructure upgrades, and an in-house technology support technician and support staff. Provide all English language learners students with access to technology and resources for student research and learning.

Action 1.3: Provide all students and English learner students with ancillary English Language Arts (ELA) materials including leveled books, news magazines, and student workbooks. Provide all students and students with special needs with ancillary math materials including manipulatives and supplemental workbooks.

Action 1.4: Provide students with incentives and awards to recognize and encourage increased achievement in language proficiency, ELA and math.

Action 1.6: Provide a Resource Teacher to support the implementation of a school wide CSS based professional development plan to help increase the achievement of all students. To provide support to our struggling students by designing and implementing a cohesive intervention program throughout the school. To monitor student performance to ensure no student is left behind. To support and improve our community outreach.

Action 1.9: Provide extended summer learning to address academic intervention/remediation of grade level content missed and targeted intervention for students with disabilities, foster youth, homeless, and English Learners.

Action 1.10: Tutoring services to address academic intervention/remediation of grade level content missed and targeted intervention for students with disabilities, foster youth, homeless, and English Learners.

Action 1.11: Math support with Tulare County Office of Education Consultant and sub coverage will be provided for teachers to attend professional development training.

Action 1.12: Web-based programs to address improving achievement of disadvantaged

Action 1.13 Materials: Instructional materials to supplement classroom activities

Action 1.14 Library books and materials: Improve and increase library selections

Action 1.15 Improve multi-tiered system of support for students by building understanding in teachers. Sub coverage will be provided when the coach pushes into the classroom for one-on-one support.

Action 1.18: ELD Professional Development in the area of English Language Development will be provided to staff by TCOE ELD consultants along with Dr. Nancy Akhavan. Implementation of learned strategies will enable staff to effectively support English Learners in progressing with the acquisition of English language proficiency. Sub coverage will be provided for teachers to attend professional development training.

Analysis statement:

Full implementation of actions 1.1, 1.2, 1.4, 1.5, 1.6, 1.7, 1.8, 1.9, 1.11, 1.12, 1.13, 1.14, 1.15, 1.16, 1.17 and 1.18 occurred.

Partial implementation of action 1.3. Materials were provided for action 1.3, training was not available, so materials were limitedly used.

Successes in implementation include:

The purchase of awards shirts for the honor roll and principal's list was made and shirts were presented to students. The development and sustainability of the master schedule so that instructional aides were meeting with students daily ensured students received the same number of minutes for intervention lessons. When we were short with instructional aides, we combined intervention groups and kept consistency in instruction for intervention students. Progress monitoring provided data for us to know when we needed to exit an intervention student or place an additional student in a group. The resource teacher and MTSS coach maintained and analyzed student data in multiple data housing programs. The District provided 1:1 Chromebook for grades 2-5, 2:1 Chromebook for students in grades 6-8, and K-1 has 6 iPads. The technology has been used to access web based programs that differentiate practice for students' individual needs. Summer school participation with technology includes interactive web based activities with Math Expressions and 95% Group reading intervention. Summer school facilitates unduplicated students who are recommended by their teachers. These students have an extended opportunity to build skills and confidence. The web based programs have given students an engaging learning modality which facilitates concurrently building 21st century skills and building knowledge of the content area. Students had access to progress monitoring their own learning and academic achievement. Timely information allowed for teachers to recognize when a student needed tier 2 support and immediately used our communication system to submit a request for student support. The resource teacher and MTSS coach worked in tandem and alongside our MTSS team to implement flexible intervention grouping. The full-time STEM teacher allowed grades 1st-5th to attend STEM class weekly. Materials purchased were used to keep students engaged and provide hands on activities. All grades participated in grade level field trips or enrichment activities with the exception of 1st grade. TK/Kindergarten went to a local farm. 2nd grade went to the zoo and had a STEAM enrichment come to campus. 3rd grade had a reptile experience on campus. 4th grade went to a CA mission. 5th SCICON day trip. 6th attended SCICON for a week. 7th went to the Ronald Regan Museum and 8th grade went to San Francisco. STEM also took students to release trout at SCICON. The librarian was employed full-time the entire school year. The librarian was able to purchase new books and materials to increase student engagement with reading. Salary increases attributed to our low attrition rate. It allowed continuity of care and consistent instruction. Supplemental materials that were purchased include 95% Group Phonics to increase K-3rd reading. Scholastic guided reading books were also purchased to replace missing or damaged books. The Title I monies allowed us to purchased additional web-based programs including Nearpod, Acadience, and IXL. IXL was used to help support tier 2 instruction.

Challenges in implementation include:

Training in MTSS throughout the school year was a challenge when the District faced a shortage of substitute teachers and an increase in teacher absences. At the junior high school level, many parents did not sign the technology agreement for students to take Chromebook for fear of having to pay for damaged or lost devices. Some students had signed technology agreements but did not have devices issued. Data interoperability has not flourished in the sense of collective efficacy. Trauma, equity, and poverty have been hurdles to overcome. Notably our MTSS system needs to work for all students and these hurdles will be addressed as the District moves forward in building its refined MTSS components to include social emotional and behavioral supports. Additional challenges faced in the implementation processes were that we had multiple instructional aides leave our District and we used time and resources to hire and replace new instructional aides throughout the school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

For action 1.1 the expenditures were overbudgeted. The budget initially allocated funds for the salaries of existing staff. However, as the school year progressed, some staff members left or retired, and their replacements were hired at a lower pay rate.

For action 1.2 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected. Other funding not in the LCAP was utilized resulting in a lower expenditure amount.

For action 1.3 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected. This will be adjusted moving forward.

For action 1.4 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected. This will be adjusted moving forward.

For action 1.7 the expenditures were overbudgeted. One grade level did not go on a field trip The cost of going on the trips was less than expected.

For action 1.10 the expenditures were underbudgeted for this action. More staff tutored than previously planned.

For 1.12 the expenditures were overbudgeted. The amount listed was a typo. The additional amount would have been allocated elsewhere.

For 1.13 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected.

For 1.18 the expenditures were underbudgeted for this action. The district had additional substitute costs for staff training.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Actions 1.1, 1.4, 1.6, and 1.15 have shown to be effective as noted in the following outcomes: A 3.5 point move closer to standard in CAASPP math, an 8% increase in proficiency in STAR math. At least 9 students have been exited from the Student Study Team process. The purchase of awards shirts for honor roll and principal's list was made and shirts were presented to students. It also showed effective as

noted by the following outcomes: 51% students in grades 2-8 were on grade level or above, math benchmarks mid-year 43.21% of students were at or above grade level. Grades 7 & 8 have shown consistent improvements.

Actions 1.2, 1.9, and 1.12 have shown to be effective as noted in the following outcomes: The District provided 1:1 Chromebook for grades 2-5, 2:1 Chromebook for students in grades 6-8, and K-1 has 6 iPads. The technology has been used to access web based programs that differentiate practice for students' individual needs. Summer school participation with technology includes interactive web based activities with Math Expressions and 95% Group reading intervention. Summer school facilitates unduplicated students who are recommended by their teachers. These students have an extended opportunity to build skills and confidence. The web based programs have given students an engaging learning modality which facilitates concurrently building 21st century skills and building knowledge of the content area. Additional web-based programs were purchased including; but not limited to: Nearpod, Acadience, and IXL. IXL was used to help support tier two instruction.

Action 1.18 noted to be effective based on the following outcomes: 7% increase for English learners who met or exceeded in writing benchmarks.

Action 1.3 included the purchase of Rigby guided reading books, however, staff was not yet accessing the materials on a regular basis. Effectiveness is noted with Read Live as students on IEPs have met their annual reading goals and improved in the area of reading fluency.

Action 1.5, 1.13, and 1.15 were shown to be effective. All students had weekly library times to check out books. The librarian also did read-aloud to TK-2nd grade classes when they came in. Students had access to a multitude of reading materials as well as access to technology. Beyond their library times, the library was open before school and during their recess time. This led to an increase in circulation of books and media that was accessed by students. There was 16,044 books checked out with 565 classroom visits. There were 1,109 items added to the collection for the 2023-2024 school year. Students could also access the web-based programs from the library.

Action 1.8 showed to be effective in the areas of math and writing. Recruiting, hiring, and keeping highly qualified staff helped the students surpass the writing goal of 37% at or above grade level. 41% of the TK-8 students were at or above grade level. Students decreased their distance from standard on CAASPP math by 3.6 points. Students also improved on the local math benchmark with an increase of 8% by the end of the 2023-24 school year.

Action 1.16 and 1.17 showed to be effective. All students 1st-5th attended a STEM class weekly. These classes allowed students multiple opportunities to be able to use oral language skills and to write about their experiences as demonstrated by the local writing benchmark showing 41% of students at or above grade level.

Action 1.7 showed to be effective as shown by all grade levels, with the exception of one grade level, went on a field trip or had an enrichment experience on campus. All grades participated in grade level field trips or enrichment activities with the exception of 1st grade. TK/Kindergarten went to a local farm. 2nd grade went to the zoo and had a STEAM enrichment come to campus. 3rd grade had a reptile experience on campus. 4th grade went to a CA mission. 5th SCICON day trip. 6th attended SCICON for a week. 7th went to the Ronald Regan Museum and 8th grade went to San Francisco. STEM also took students to release trout at SCICON. All trips are tied to grade level standards and add to hands on learning and real-world experiences that make classroom learning relevant for students.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

A change is being made to Goal 1. The previous goal included math. The district has decided to separate math from ELA . Goal 1 will now focus on ELA and English learners. be that all students will demonstrate growth towards meeting and exceeding standards in English language arts (ELA) as measured by California Assessment of Student Performance and Progress (CAASPP) and local education agency (LEA) assessments. English Learners (ELs) and Long Term English Learners (LTELs) will demonstrate progress toward English language development (ELD) as measured by English Language Proficiency Assessment for California (ELPAC) and LEA assessments. Goal 2 will solely focus on academic achievement in math.

Action 1.11 - Professional Development for math has been removed since math will be in goal 2. Action 1.18 - The District will continue designated ELD and gain insight and mastery into the ELD Professional Development we have already provided. The academic coach will continue to support in the area of designated ELD. Additional ELD Professional Development will be suspended for the time being which will allow the district writing PD to organically grow teachers capacity in English learner support. Since action 1.11 was removed actions had to be renumbered to the following:

Action 1.12 will now be action 1.11 Web based programs
Action 1.13 will now be action 1.12 Materials
Action 1.14 will now be action 1.13 Library Books Materials
Action 1.15 will now be action 1.14 MTSS Coach
Action 1.16 will now be action 1.15 Stem Teacher
Action 1.17 will now be action 1.16 Materials Supplies for stem
Action 1.18 will now be action 1.17 Writing Professional Development
Action 1.18 will be Reading Intervention

Action 1.17 will now be writing professional development. This action will provide writing professional development. The professional learning for teachers would focus on helping teachers develop strategies in writing to support all students but particularly students who are acquiring language and LTEL.

New Action for 2024-2025 will be 1.18 Reading intervention support provided after school. This action will provide high impact, individualized intervention in reading.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2

- Action 2.1- Awards and Incentives - Provide students with incentives and awards to recognize and encourage increased attendance.
- Action 2.2, 2.3, 2.6, and 2.9- Increased and improved access to school psychologist, BHS mental health professional, and social worker services ELAC, SSC, LCAP surveys: including foster youth, homeless, and low-income students, requested increased social-emotional supports.
- Action 2.4 & 2.5- Increased and improved access to health experts-increased and improved student information/parent communication

Action 2.10: Infrastructure and software to connect with first responders in the case of an emergency. The use of actVnet was used multiple times this the school year when practicing fire, earthquake, and lockdown drills.

Action 2.11 and 2.13: The Early Warning System (EWS) Aeries Analytics and School Pass a Visitor Management+ Subscription Visitor & Student Management and Parent Change Management for Absence, Tardies, and Early Dismissal were implemented and used to identify chronic absenteeism.

Action 2.12: Staff CPR training ensures the safety of students and faculty. The training was provided in August and will be offered again in August 2025. With increasing student health concerns, it's crucial for more staff to be equipped with CPR skills to respond effectively to emergencies on campus or during school-sponsored trips.

The actions outlined in goal 2: Improving school climate while increasing pupil attendance and decreasing chronic absenteeism while providing a safe and secure campus. The overall implementation of the majority of the actions has positively impacted improving the school climate while increasing pupil attendance and decreasing chronic absenteeism while providing a safe and secure campus.

Analysis statement:

Full implementation of actions 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 2.9, 2.10, 2.11, 2.12, 2.13, occurred.

Successes in implementation include: awards and incentives to recognize and encourage increased attendance and chronic absentee rate was 19.4%. This was an improvement from the previous year of 24.7%. Some students were given mental health support by different mental health professionals, at least 111 students were seen this school year. The District used the Early Warning System (EWS) Aeries Analytics to identify at-risk students of chronic absenteeism and a decrease in chronic absenteeism. Additional mental health supports have helped students to stay engaged and improve attendance. Support services increased knowledge of mental health challenges, crisis support, and community links to help our families. Communication was provided and updated for families with the nurse and parent liaison in helping to improve student mental and physical health through training, skill building, health literature, and presentations. Care Solace was also provided as an additional resource to families. Community outreach provided professional services, or services of a specific expertise, to our students' families who may not otherwise have had access to those services. This year, the SART/SARB process was fully implemented. Two cases were taken to court and another referral is pending with the District Attorney's office. Two more students are on local SARB contracts and another 9 students are on SART contracts. During our fall carnival, the family social worker worked with multiple agencies for parent outreach. Vendors included free internet sign ups with AT&T, Tulare County Office of Education Behavior Health Services, legal services for immigration status, family outreach services, and local food vendors. The addition of our Esports lab has also contributed to increased attendance, reduced D/Fs in ELA and math, and school connectedness.

Challenges in implementation include: excessive absences from staff who provide additional counseling support to our students. Students are not able to be seen regularly when staff is absent. Midway through the school year, the Family Social worker left the district. Other means of correction have not decreased students from continuous suspensions. When it is determined that students need more intense social-emotional help, parents aren't following through with the intake process for those services to be provided for students with higher needs.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

For action 2.1 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected.

For action 2.3 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected due to the staff member resigning mid year.

For action 2.12 the expenditures were overbudgeted. The anticipated costs needed for the action were less than expected. Less staff participated in the CPR training than what was planned for.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions for Goal 2 have shown to be effective. We may need to secure additional actions based on the needs of our educational partners and for the new LCAP.

Actions 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 2.7, 2.8, 2.9, 2.10, 2.11, 2.12, 2.13 showed to be effective as noted by: 92% K-8 attendance, 2023 Dashboard Chronic absentee rate: Overall - 19.4%, SED - 20.2%, English learner - 19.7%, Hispanic/Latino - 19.5%, Homeless - 25.7%, 2023, Student Expulsion rate: Midyear less than 1%, Middle School Dropout rate: 2023-2024: 0 students, CHKS 2023-2024 92% of 6th graders and 96% of 7th graders completed the survey. Parents safety and connectedness survey: 2023-2024 91% of parents feel safe and connected at school, Staff safety and connectedness survey: 2023-2024 86% of staff feel safe and connected at school. Based on the student LCAP survey in 2023-2024 85% of students report they feel Tipton Elementary provides enough counseling services. The Special Friends Aide ran two 12 week sessions for students that were referred. There was an increase in student attendance for those students attending Special Friends. The Parent Liaison passes out food to students in need to ensure that they have access to food over the weekend. The Parent Liaison also provided drug/alcohol education to parents as well as setting up parent meeting to allow staff keep parents informed of upcoming events. The district provided 8 parent meetings.

Actions 2.4 & 2.5 showed effective as noted by: School LVN is on campus daily from 9:00-2:30. The school RN was contracted for 10 school days. In 2022-2023, there were 1531 nurse visits. There were 41 less students seen by the LVN in the 2023-2024 school year. There were 315 parent outreaches. Family outreach has led to increased attendance for students that have ongoing health issues. There was an increase in referrals to outside resources, including, but not limited to, outreach for referrals for eye examines and glasses, asthma and diabetes related issues, and how to take care of lice infestations.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Dashboard data indicated that our suspension rate was an area that needed improvement.

Goal 2 will be changed to Goal 3 to include the following: Enhancing the atmosphere within the school environment, concurrently boosting student attendance, reducing chronic absenteeism and suspension rates, and ensuring a safe and secure campus. Our expected outcome is to decrease the suspension rate for all students and English Language students.

A change will be to increase the days of support from BHS mental health professionals and the triage social worker and eliminate action 2.3, Social Worker. With the consistent attendance of BHS and the Triage Social worker and financial constraints facing the district it was decided that supportive services for students and families would be better served by two staff members contracted through the County Office of Education. With this change, students will have access to either the school psychologist, BHS mental health, or a triage social worker for the entire day 5 days a week. Students who are struggling with attendance, discipline, suspension, and social and emotional issues will have more access to full-day support.

Awards and incentives help students develop positive behaviors, such as listening well, following instructions, and showing a positive attitude. Incentives can also help students stay on track for their goals. Although the District does have Quarter Award assemblies, we will add more awards and incentives for successful progress monitoring and meeting intervention goals. The District will also add a schoolwide attendance reward system.

A desired outcome would be to increase the number of outreach and training offered to parents for the upcoming school year by the LVN and RN.

Due to a change in actions for 2024-2025, Goal 2 will now become Goal 3.

Action 3.12 will be a new action for 2024-2025. Action 3.12 involves upgrading our existing door locks to keyless entry systems, enhancing campus safety and security.

Action 2.1 Awards and Incentives will now be Math Materials: Books and Supplies

Action 2.2 Psychologists will now be Awards/Incentives

Action 2.3 Social Worker will now be Professional Development for Math

Action 2.4 LVN will now be Web-based programs

Action 2.5 RN, 2.6 BHS Mental Health Professional, 2.7 Special Friends, 2.8 Parent Liaison, 2.9 Triage Social Worker, 2.10 Infrastructure/Software ActVnet, 2.11 Student information, 2.12 CPR, 2.13 SchoolPass will be action items in Goal 3.

Goal 3 will now have the following actions

Action 3.1: Awards and Incentives

Action 3.2 Psychologist

Action 3.3 LVN

Action 3.4 RN
Action 3.5 BHS Mental Health Professional
Action 3.6 Special Friends Aide
Action 3.7 Parent Liaison
Action 3.8 Triage Social Worker
Action 3.9 Infrastructure/ Software ActVnet
Action 3.10 Student Information
Action 3.11 CPR
Action 3.12 Door Locks

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions in goal 3 were complete as described in the LCAP.

The actions outlined in Goal 3: To improve participation and increase learning opportunities for parents:

Action 3.1: Host Student/Parent events that help to create a positive school climate, increase capacity, and solicit community input.

Action 3.2: Provide parents access to real-time student and school information through the Aeries Parent Portal including attendance, grades, and school/parent communication. Use Parentsquare for parent communication as well as the school website where information is displayed and updated.

Goal 3 Actions 3.1 & 3.2 have been fully implemented.

Successes in implementation include: the creation of 12 more opportunities for parent involvement in district decision-making, 25 additional opportunities for parent education through school-wide programs, the organization of 11 more sponsored parent events, and an increase in parent conference attendance from 92% to 95%.

Challenges in implementation include: ensuring the attendance of all parents at parent conferences. While the district managed to enhance the rate from 92% to 95%, this remains an ongoing effort, with the district committed to devising strategies to further boost parent participation. In the LCAP parent survey and during School Site Council meetings, parents are requesting that SSC/ELAC meetings be held later in the day so that parents that work have the opportunity to attend these meetings.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

For action 3.1 the expenditures were overbudgeted. Although we planned and had more parent events the cost was lower than expected. This will be adjusted for next year.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Goal 3 Action 3.1 has shown to be effective because we have been able to host student/parent events that help to create a positive school climate, increase capacity, and solicit community input was extremely effective in making progress towards the goal. As a result, the school successfully expanded its offerings of 19 different parent education sessions and school-sponsored events. Additionally, we were able to offer 44 opportunities for parents.

Goal 3 Action 3.2 has shown to be effective because we were able to provide parents access to real-time student and school information through the Aeries Parent Portal including attendance, grades, ELPAC and CAASPP student score reports, and school/parent communication. Use Parentsquare for parent communication as well as the school website where information is displayed and updated. ParentSquare enabled continuous communication by providing families with updates on school activities. There were 332 posts, 1315 direct messages, and 11 alerts sent out via Parent Square for student information/parent communication. Furthermore, the school website served as a platform for displaying and updating information. Parents have shared that they like the communication from ParentSquare.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Due to a change in actions for 2024-2025, Goal 3 will now become Goal 4. There will be no other changes to this goal.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions in goal 4 were complete as described in the LCAP.

Action 4.1: Provide adequate facilities to increase student participation in the music program as well as other VAPA course offerings. Improvement to school facilities include but are not limited to modernization of buildings, supplies, equipment, student desks, fields and playgrounds.

Action 4.2: Provide music and theater equipment for visual and performing arts for all students

Action 4.3: Provide a school garden that is a learning environment used to promote real world, hands on experiences for students in grades K-8.

Action 4.4: Provide additional hours of one part time custodial staff to a full time position. This will allow additional hours to support students and parent events.

Action 4.5: Provide materials, supplies and equipment needed for enrichment and extra curricular activities which includes but is not limited to sports and clubs.

Action 4.6: Provide a music teacher, 60% LCAP

Action 4.7: Supplies needed for broad range of study that support the elective courses being offered.

Successes in implementation include: We have been able to provide four VAPA opportunities and our parents were able to experience these events. We were able to increase the percent of students participating in music to 68%. The multipurpose room has been available and ready for a variety of uses; drama class, band, cheer, sports practices and games, awards events, and parent events. Students across grade levels continue to use the garden space for different purposes. Students participating in a broad range of study through electives are sharing that they feel more connected to school, are improving in attendance and making better grades.

Challenges in implementation include: music teacher being unable to complete the school year due to unforeseen circumstances therefore we were not able to hold a spring concert.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

For action 4.2 the expenditures were overbudgeted for this action. The equipment did not need as many repairs as anticipated and theater equipment was not purchased.

For action 4.5 the expenditures were overbudgeted for this action. The district received a donation for our new baseball and softball program resulting in a lower cost to the district.

For action 4.7 the expenditures were overbudgeted for this action. This was a new action. Not all staff utilized or needed the funds available for electives.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Actions 4.1, 4.2, 4.3, and 4.6 were effective as we were able to provide adequate facilities to increase student participation in visual and performing arts, and gave students the opportunity to learn the importance of agriculture in our school garden, allowing for K-8 grade

students to experience music education and parents the opportunity to listen to them perform at a spring concert, the drama class was able to perform two plays for our parents/families and community. Action 4.4 provided additional hours to support students and parent events through the Additional Concentration Grant that was available. There was an increase in parent engagement events. Action 4.5 was effective in that there were purchases of new sports and PE equipment. Action 4.6 provided an increase of 68% of students that were able to participate in music. The District was able to implement baseball and softball. Students engaged in 3 games with other districts. Action 4.7 was effective in that we were able to provide supplies needed for a broad range of study that support the elective courses being offered.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Due to a change in actions for 2024-2025, Goal 4 will now become Goal 5. There will be no other changes to this goal.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The objectives of Goal 5 were to maintain a positive school climate and enhance pupil achievement and engagement by providing small class sizes through the allocation of funding for three additional teachers across the district. Additionally, the aim was to provide direct services for low-income, English learner, and foster youth students through the deployment of additional teachers to support small class sizes, facilitated by the Additional Concentration Grant.

Action 5.1 Provide small class sizes through the funding of 3 additional teachers across the district in order to maintain a positive school climate and increase pupil achievement and engagement

Action 5.2: Additional teachers to support small class sizes. This will allow direct services for students who are low-income, English learners and foster youth

Successes in implementation include: maintaining class sizes at or below a ratio of 24 students per teacher. Additionally, additional staffing was successfully provided to support small class sizes across the district. Our students have shown growth in STAR math in all grades, except for two grade levels. Three grade levels showed improvement on STAR reading. Our students have shown improvement in writing based on the results of local assessments. Writing results in CAASPP have not been broken down due to the shortened assessments. Second-grade teachers continue to accelerate literacy even when up to 70% of students are below grade level. There have been reduced discipline referrals and improvement in attendance. Student empathy interviews reveal that most students name their teacher as a trusted adult on campus.

Challenges experienced include sub shortage and chronic absenteeism of staff continue to impact student learning.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were not any material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Action 5.1, which entailed funding three additional teachers to maintain small class sizes, proved somewhat effective in achieving this goal across the district, as evidenced by class rosters and pockets of increased academic achievement. Small class sizes have been shown to enhance student achievement, as indicated by local assessments. Moreover, student engagement saw a notable increase, particularly through heightened small-group instruction, as observed in classroom settings. The implementation of small class sizes also afforded teachers more individualized time with students, contributing to a positive school climate, as reported by teachers. CAASPP math showed a 3.6 increase for all 3rd-8th grade students, a 4.8 increase for Hispanic students, and a 4.9 increase for socio-economically disadvantaged. EL students maintained their math achievement.

Challenges were also experienced with ELA and Math CAASPP continually show disparity among English learners and other groups of students. Small class sizes have yielded a decrease in discipline referrals. Small group instruction was more manageable. Instruction was targeted toward individual student's needs. However, at multiple grade levels, students were not exited from Tier 2 intervention, based on LEA criteria. In the primary grades, local data shows regression in student progress in ELA. Classes with reduced class sizes as low as 13 students have maintained minimal academic growth in math and ELA. The sub shortage and chronic absenteeism of staff continue to impact student learning.

Action 5.2 was somewhat effective in that the District facilitated direct services such as small group instruction, and tutoring in math and ELA, for low-income, English learner, and foster youth students. Direct services yielded 1 case of exit of IEP services.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Due to a change in actions for 2024-2025, Goal 5 will now become Goal 6. In order to strengthen the effectiveness of this action, the District will maintain designated ELD and refine the instruction practice in language development. The teachers will take this time to practice what they have already learned in ELD professional development and work alongside the academic coach for feedback. The District has strategically suspended ELD Professional Development for the time being which will allow the district writing PD to organically grow teachers capacity in English learner support. We will utilize small group instruction in conjunction with small class sizes to maximize focused skill instruction for writing. This small group instruction will include the components of integrated ELD and designated ELD vocabulary. Local

assessments are showing some progress and this strategy should expedite language acquisition for all learners and especially English learners and LTELs.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Tipton Elementary School’s community treasures each of our students. Our commitment to each child is to provide an educational experience that promotes their academic progress in meeting or exceeding state grade level standards. Tipton Elementary is the main hub of the community. The school is a safe, caring place for all students. Currently, Tipton’s student enrollment consists of 501 students with a 93.61% Latino population 3.79% white, 0.8% Black/African American and 1.6% Asian. 302 students were identified as English Learners. of which 97% are Spanish speakers. Tipton Elementary is a Provision II school and all students receive a free breakfast and lunch. 5.59% of the school's student population is homeless and 0.4% of the school's population is foster youth.

All staff at Tipton Elementary is committed to providing each student with learning opportunities that optimizes their potential. Students are held to high expectations and the staff works toward providing an instructional program that is aligned to the Common Core Standards in all areas of the curriculum. With the exception of one teacher, our teaching staff is fully credentialed and possesses the training and certification to work with second-language students.

Tipton Elementary School’s philosophy of education is to provide a continuation of essential learning. It is our ultimate goal to supply each student with the basic facts, critical thinking skills and experiences to engage today’s complex society. Our goal is to guide our youth in becoming self-sufficient individuals, mentally, physically and morally so that they can meet the demands of our rapidly changing world. It is essential to instill in each student the importance of individual worth and to create a positive self-image through development in initiative, resourcefulness, and responsibility.

All parents are encouraged to become informed and actively involved. We invite everyone to attend our Back-to- school Night, parent educational meetings facilitated by our parent liaison, kindergarten orientations, Open House, parent engagement nights facilitated by grade level teams, informational meetings, and student performances throughout the year. We encourage parents and community members to volunteer in classrooms, and become members of our school committees (SSC, ELAC and PSO). Parents are aware that students are expected to demonstrate achievement of knowledge and skills on school, district, and state performance standards.

Our parent liaison serves to meet with and collaborate with the community to identify needs. The liaison will seek to connect families with services to support and enrich the lives of our students. She serves as a liaison between teachers, parents, students, support staff, and the community regarding educational programs, services and various student issues; assist in coordinating and arranging various programs and services to meet the needs of students.

Reflections: Annual Performance

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

In response to the literacy and language proficiency needs identified by educational partners, TESD will implement a broad goal for ELA that includes actions to:

- Provide small group intervention support with instructional aides in ELA to all students including English Learners, Foster Youth, and Low Income Students. (Action 1)
- Provide students with access to technology and resources for student research and learning in English Language Arts through the purchase and replacement of technology devices, infrastructure upgrades, and an in house technology support technician and support staff. Provide all English Language Learner students with access to technology and resources for student research and learning (Action 2)
- Provide all students, students with special needs and EL students with ancillary English Language Arts (ELA) materials including leveled books, news magazines, and student workbooks. (Action 3)
- Provide all students and students with special needs and EL students with incentives and awards to recognize and encourage increased achievement in language proficiency and ELA (Action 4)
- Allocate resources for a full-time librarian to enhance student access to books, technology, and assist teachers in implementing the California State Standards (CSS) for English Language Arts. (Action 5)
- Provide a Resource Teacher to facilitate the adoption of a school-wide CSS-centered professional development strategy, aimed at enhancing the achievement of all students. This includes designing and executing a comprehensive intervention program to assist struggling students across the school. Additionally, the Resource Teacher will monitor student progress diligently to prevent any student from falling behind and will work to enhance community outreach efforts.

(Action 6)

- Expand students' cultural horizons, including those with special needs, by offering educational and college readiness field trips and assemblies aimed at enriching their experiences. (Action 7)
- Offer extended summer learning opportunities aimed at addressing academic intervention and remediation for students who require assistance catching up on missed grade level content. Additionally, provide targeted interventions tailored to the specific needs of students with disabilities, foster youth, homeless individuals, and English Learners. (Action 9)
- Provide tutoring services designed to address academic intervention and remediation for students who need assistance in catching up on missed grade-level content. Additionally, offer targeted interventions tailored to the unique needs of students with disabilities, foster youth, homeless individuals, and English Learners. (Action 10)
- Implement web-based programs aimed at improving the academic achievement of disadvantaged students. (Action 11)
- Provide instructional materials and supplies to support classroom activities and enhance supplemental learning opportunities. (Action 12)
- Enhance and expand the variety of library resources available to all students. (Action 13)
- Provide an MTSS Coach to enhance the multi-tiered system of support for students by fostering teacher understanding. (Action 14)
- Employ a STEM enrichment teacher to expedite English Learners' acquisition of oral language fluency, academic vocabulary, and writing proficiency within STEM subject areas. (Action 15)
- Ensure that all students have access to the necessary materials and manipulatives required for their STEM classes. (Action 16)
- Provide professional development in the content area of writing which will support all learners, especially English learners and LTELs. (Action 17)
- Provide reading intervention during the afterschool program focusing on phonological awareness, synthetic phonics, fluency, vocabulary and reading comprehension using air Reading. (Action 18)

In response to the math proficiency needs identified by educational partners, TESD will implement a broad goal for Math that includes actions to:

- Provide all students and students with special needs with ancillary math materials including manipulatives and supplemental workbooks. (Action 1)

- Provide students with incentives and awards to recognize and encourage increased achievement in math. (Action 2)
- Provide professional development and support in the content area of math. (Action 3)
- Provide Web-based programs to address improving the achievement of disadvantaged. (Action 4)

In response to the needs that educational partners identified related to school connectedness, safety, attendance, and suspension rates identified by educational partners, TESD will implement a broad goal that includes actions to:

- Offer students incentives and rewards as a way to acknowledge and motivate them for improved attendance and demonstrate positive character traits.
- Allocate extra hours for School Psychologists to support efforts in enhancing student attendance, reducing chronic absenteeism, and addressing truancy rates. Their involvement will aid in fostering a positive school environment, conducting parent outreach initiatives, and facilitating the implementation of the School Attendance Review Board (SARB) process.
- Provide a Licensed Vocational Nurse (LVN) to aid in addressing student health concerns and conducting outreach to families.
- Allocate additional days for Registered Nurses (RNs) to support student health needs and conduct outreach to families.
- BHS mental health professional services will encompass a range of offerings such as staff and parent trainings, brief mental health support, interim mental health assistance, crisis intervention, support for the School Attendance Review Board (SARB), aid for school staff and classroom management, family outreach, community connections, and support for student groups focusing on social skills, anger management, anti-bullying efforts, social-emotional learning, girls' circles, and mindfulness. (Action 5)
- Allocate additional counseling support specifically tailored for TK-3 students to help improve attendance, reduce chronic absenteeism, and foster a positive school environment. (Action 6)
- Provide a parent liaison that functions as a bridge between the school and the community, working closely to identify needs and connect families with essential services aimed at enhancing our students' lives. Acting as a liaison among teachers, parents, students, support staff, and the community, she facilitates communication regarding educational programs, services, and student-related matters. Additionally, she assists in coordinating and arranging various programs and services to address the diverse needs of our students. (Action 7)

- Provide a Triage Social Worker (TSS) who collaborates closely with students, parents/caregivers, community partners, and staff to establish a safe, healthy, and nurturing learning atmosphere for all students. The TSS conducts individual or small group sessions with students to offer interim counseling, social/emotional support, and skill development across different domains such as coping mechanisms, social skills, and mindfulness. Furthermore, the TSS is accessible to help families in need by facilitating connections to community resources to address their fundamental requirements. (Action 8)
- Provide Infrastructure/Software ActVnet. Tipton Elementary prioritizes the safety of its students, and as such, school leaders are investing in infrastructure and software to enhance emergency response capabilities. This web-based system will facilitate seamless communication with first responders in case of an emergency. Once deployed, the system will grant law enforcement dispatchers access to the school's camera network, campus maps, and 360-degree images of classrooms. This comprehensive view enables emergency dispatchers to relay critical information swiftly to responding officers, thereby expediting and improving the effectiveness of emergency response efforts. (Action 9)
- Provide Early Warning System (EWS) Aeries Analytics which will identify at-risk students. The district can gauge the academic health of the district, school, or subgroup of students. This will assist with identifying chronic absenteeism. (Action 10)
- Provide CPR Training for staff to ensure the safety of all students and staff. (Action 11)
- Provide updated door locks with a keyless entry door lock to increase a safer and more secure campus (Action 12)
- Provide training to staff on trauma-informed practices in school and building relationships with challenging students. (Action 13)

In response to the needs that educational partners identified related to improving the participation and increase learning opportunities for parents, TESD will implement a broad goal that includes actions to:

- Host Student/Parent events that help to create a positive school climate, increase capacity, and solicit community input. (Action 1)
- Provide parent access to real-time student and school information through the Aeries Parent Portal including: attendance, grades, and school/parent communication. Use Parentsquare for parent communication as well as the school website where information is displayed and updated. (Action 2)

In response to the needs that educational partners identified related to improving school facilities which will assist with the implementation of a broad range of study, increase pupil achievement, and help facilitate parental involvement, TESD will implement a broad goal that includes actions to:

- Providing adequate facilities to increase student participation in the music program as well as other VAPA course offerings. Enhancements to school infrastructure encompass, among other things, the modernization of buildings, provision of

supplies and equipment, upgrading student desks, and maintaining fields and playgrounds. (Action 1)

- Equip all students with music and theater instruments and apparatus to support their engagement in Visual and Performing Arts (VAPA) activities. (Action 2)
- Provide a school garden serving as an educational space aimed at fostering real-world, hands-on learning experiences for students from kindergarten to eighth grade. This initiative enables students to understand the significance of agriculture and nutrition through outdoor classroom activities. (Action 3)
- Allocate additional hours to transition one part-time custodial staff member into a full-time position. This expansion enables the provision of extra support for student and parent events, funded through the Additional Concentration Grant.
(Action 4)
- Provide materials, supplies and equipment needed for enrichment and extracurricular activities which include but are not limited to sports and clubs. (Action 5)
- Provide a Music Teacher. (Action 6)
- Provide supplies essential for a broad range of study, facilitating the elective courses offered. (Action 7)

In response to the needs that educational partners identified related to maintaining class sizes of 24:1 or less across grades TK-8, TESD will implement a broad goal that includes actions to:

- Provide small class sizes through the funding of 3 additional teachers across the district in order to maintain a positive school climate and increase pupil achievement and engagement (Action 1)
- Provide additional teachers to support small class sizes. This will allow direct services for students who are low-income, English learners and foster youth. (Additional Concentration Grant) (Action 2)

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	All students will demonstrate growth towards meeting and exceeding standards in English language arts (ELA) as measured by California Assessment of Student Performance and Progress (CAASPP) and local education agency (LEA) assessments. English Learners (ELs) and Long Term English Learners (LTELs) will demonstrate progress towards English language development (ELD) as measured by English Language Proficiency Assessment for California (ELPAC) and LEA assessments.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

This goal was developed through data analysis and input from educational partners. The data analysis of CAASPP indicates a clear need to continue supporting ELA and ELD. The California School Dashboard (Dashboard) reports that all students in grades 3 through 8 performed (-34.5) points from standard on the CAASPP. Dashboard shows that English learner students performed (-44) points from standard on CAASPP. However, low income students performed (-35.2) points from standard, Hispanic students performed (-33.3) points from standard, and 3.3% of English learners maintained ELPI level 4, 34.8% maintained ELPI level, 1, 2L, 2H, 3L, 3H, and 18% decreased at least one ELPI level. Need for support is mirrored in the LEA assessments as described in the measuring and reporting results section below.

During the LCAP development process, educational partner identified the need for instructional support in ELA and ELD, in-class coaching, professional development for leadership and staff in multi-tiered systems of support (MTSS). Assistance for English learner families in supporting students at home and supportive learning environments for foster youth. ELA and EL proficiency will show progress as measured by the metrics identified below.

Low-income students and socioeconomically disadvantaged are used synonymously. Unless otherwise noted, baseline data will be noted for the 2024-2025 data for the year.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Instructional Aides	Provide small group intervention support with instructional aides in ELA to all students including English Learners, Foster Youth, and Low Income Students. (LCFF/Title I & III)	\$400,330.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.2	Technology and Resources	Provide students with access to technology and resources for student research and learning in English Language Arts through the purchase and replacement of technology devices, infrastructure upgrades, and an in house technology support technician and support staff. Provide all English Language Learner students with access to technology and resources for student research and learning. (LCFF and Title IV)	\$157,600.00	Yes
1.3	ELA Materials: Books and Supplies	Provide all students, students with special needs and EL students with ancillary English Language Arts (ELA) materials including leveled books, news magazines, and student workbooks.	\$25,000.00	Yes
1.4	Awards/Incentives	Provide all students and students with special needs and EL students with incentives and awards to recognize and encourage increased achievement in language proficiency and ELA. (LCFF)	\$6,000.00	Yes
1.5	Librarian	Allocate resources for a full-time librarian to enhance student access to books, technology, and assist teachers in implementing the California State Standards (CSS) for English Language Arts. (LCFF)	\$98,000.00	Yes
1.6	Resource Teacher	Provide a Resource Teacher to facilitate the adoption of a school-wide CSS-centered professional development strategy, aimed at enhancing the achievement of all students. This includes designing and executing a comprehensive intervention program to assist struggling students across the school. Additionally, the Resource Teacher will monitor student progress diligently to prevent any student from falling behind and will work to enhance community outreach efforts. (LCFF/Title I, Title II)	\$166,738.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.7	Field Trips	Expand students' cultural horizons, including those with special needs, by offering educational and college readiness field trips and assemblies aimed at enriching their experiences.	\$45,000.00	Yes
1.8	Salary Increase	We are deeply dedicated to recruiting, hiring, and retaining exceptionally skilled personnel, as this significantly impacts the quality of the district's educational offerings, especially for English Learners and Low-Income students. The salary adjustment has contributed to a decrease in teacher turnover, resulting in the retention of highly qualified staff. The success of this initiative will be assessed based on academic achievement metrics related to this objective.	\$125,000.00	Yes
1.9	Summer School	Offer extended summer learning opportunities aimed at addressing academic intervention and remediation for students who require assistance catching up on missed grade-level content. Additionally, provide targeted interventions tailored to the specific needs of students with disabilities, foster youth, homeless individuals, and English Learners. (ELO-P)	\$98,600.00	No
1.10	Tutoring	Provide tutoring services designed to address academic intervention and remediation for students who need assistance in catching up on missed grade-level content. Additionally, offer targeted interventions tailored to the unique needs of students with disabilities, foster youth, homeless individuals, and English Learners. (Title I and ELO-P)	\$39,000.00	No
1.11	Web-Based Programs	Implement web-based programs aimed at improving the academic achievement of disadvantaged students. (Title I & LCFF)	\$10,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.12	Materials	Title I funds will be allocated to provide instructional materials and supplies to support classroom activities and enhance supplemental learning opportunities.	\$1,500.00	No
1.13	Library Books and Materials	Enhance and expand the variety of library resources available to all students.	\$15,000.00	Yes
1.14	MTSS Coach	Enhance the multi-tiered system of supports for students by fostering teacher understanding. Substitute coverage will be arranged to facilitate one-on-one support when a coach enters the classroom to assist teachers.	\$10,712.50	Yes
1.15	STEM Enrichment Teacher	Employ a STEM enrichment teacher to expedite English Learners' acquisition of oral language fluency, academic vocabulary, and writing proficiency within STEM subject areas.	\$130,014.00	Yes
1.16	Materials and Supplies	Ensure that all students have access to the necessary materials and manipulatives required for their STEM classes.	\$3,000.00	Yes
1.17	Writing Professional Development to support ELs & LTELs	Professional Development (PD) will be provided to staff in order to best support the writing needs of English Learners and Long-term English Learners. This PD will enable the delivery of effective writing instruction that assist in accelerating English language acquisition and provide successful English Language Development.	\$16,620.00	Yes
1.18	Reading Intervention	Provide targeted reading intervention during the after school program using Air Reading. (ELOP)	\$30,000.00	No

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

This goal was developed through data analysis and input from educational partners. The data analysis of CAASPP indicates a clear need to continue supporting mathematics. The California School Dashboard (Dashboard) reports that all students in grades 3 through 8 performed (-64.3) points from standard on the CAASPP. Dashboard shows that English learner students performed (-71) points from standard on CAASPP. However, low income students performed (-65.2) points from standard, and 3.3% of English learners maintained ELPI level 4, 34.8% maintained ELPI level, 1, 2L, 2H, 3L, 3H, and 18% decreased at least one ELPI level. Need for support is mirrored in the Math assessments as described in the measuring and reporting results section below.

During the LCAP development process, educational partner identified the need for instructional support in mathematics, in-class coaching, professional development for leadership and staff in multi-tiered systems of support (MTSS).

Low-income students and socioeconomically disadvantaged are used synonymously. Unless otherwise noted, baseline data will be noted for the 2024-2025 data for the year.

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Enhancing the atmosphere within the school environment, concurrently boosting student attendance, reducing chronic absenteeism and suspension rates and ensuring a safe and secure campus.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

This goal was developed through data analysis and input from educational partners. Chronic absenteeism is a significant area requiring improvement, with the dashboard indicator revealing that 19.4% of students are chronically absent, missing 10% or more of the school year. Specifically, English learners, Hispanics, students with socio-economic disadvantages (SED), and our homeless population exhibit high rates of chronic absenteeism at 19.7%, 19.5%, 20.2%, and 25.7% respectively. This absenteeism not only affects academic performance but also impacts student attitudes and behaviors. As TESD maintains its focus on learning recovery, it is imperative to decrease chronic absenteeism and improve attendance. The TESD community and educational partners have prioritized campus safety as essential for enabling students to concentrate on their attendance. It also ensures a secure environment for both adults and students to foster social and emotional well-being in a fair learning environment. After examining the red indicators on the Dashboard at the LEA level, the LEA completed a needs assessment to determine the root cause for increased suspensions. Overall 5.7% of all students were suspended at least one day. This was an increase of 2.2% from the previous year. 5.4% of English learners were suspended at least one day. 5.1% of Hispanics and 5.7% of Socioeconomically disadvantaged were suspended at least one day.

4	To improve the participation and increase learning opportunities for parents. (Priorities 3 and 6)	Maintenance of Progress Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Parents have expressed their desire to increase involvement in school decision-making and participation in school events. TESD will respond to parents request for training in how to support their students in academic areas. Families have expressed that they appreciated the additional opportunities to award presentations in person to celebrate their children's successes and achievements. Through the LCAP survey, 88.9% of parents agree Tipton Elementary School encourages parental involvement and participation. TESD will continue to strive to increase parental participation opportunities.

5	Improve school facilities which will assist with the implementation of a broad range of study, increase pupil achievement, and help facilitate parental involvement. (Priorities 3 and 7)	Maintenance of Progress Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Offering a broad range of study is paramount in preparing our students for success in both higher education and their future careers. Exposure to a wide range of disciplines helps students cultivate a comprehensive knowledge base, enabling them to effectively apply their background understanding to new areas of study. At TESD, we prioritize inclusivity in teaching and learning, fostering diversity through a variety of educational opportunities beyond core subjects like English language arts and math. To enhance this diversity, TESD is expanding its elective offerings for grades 6-8 to include home economics, E-sports (integrated with speech), and engineering. Students will have the chance to showcase their learning in innovative ways, fostering family involvement in school events. To accommodate the community and ensure everyone can participate and enjoy student performances, we are committed to utilizing appropriate facilities capable of accommodating large audiences.

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Tipton Elementary School remains committed to maintaining small class sizes due to their significant positive impact on our students and the overall school climate. Smaller classes enable students to receive more personalized attention from teachers, fostering greater participation and involvement in their learning. Additionally, smaller class sizes facilitate the development of stronger relationships among students, enhancing both academic achievement and engagement in the classroom.

	<p>Need: Local surveys from educational partners revealed that 86% of staff and 91% of parents feel safe and connected at school. While working on the school safety plan it was determined that it would be best if TESD could update the current door locks. Ongoing education partner feedback indicates that parents feel safe and connected to the school. However, a lower percentage of staff members feel safe and connected. In addition, unduplicated students will benefit from staff feeling safer and having a more secure classrooms. Unduplicated students have lower attendance rates, in part, because they don't feel safe at school at times. Education partner feedback urges the District to implement safety measures.</p> <p>Scope: LEA-wide</p>	<p>increase a safer and more secure campus. Tipton parent and student surveys indicate that there is an appreciation for the well-maintained and welcoming environment of the school. Educational partners shared the importance of maintaining facilities; inclusive of classrooms, restrooms, play areas, and other facilities in excellent repair. There is need for improving and maintaining the school facilities, while continuing to prioritize safety and access for every student. The needs, conditions and circumstances of the Tipton foster youth, English Learners, and low-income students were considered first when determining the need for this action. The educational partners of Tipton (parents, students, and staff) again provided feedback and input on the importance of maintaining ongoing improvements and maintenance of district facilities at excellent levels.</p> <p>Scope: LEA-wide</p>	<p>Improvement to school facilities include but are not limited to modernization of buildings, supplies, equipment, student desks, fields, and playgrounds.</p>

Although our garden focuses on ag science and nutrition, cross-curriculum to other content areas such as language arts, math, science, social studies and art are often a part of the learning. Additionally, the garden is an excellent location to model sustainable practices and present environmental education lessons. Ongoing education partner feedback indicated that agriculture is a cornerstone area for learning based on our District location and prominent ag industry. Unduplicated students have family who work in this industry, aspire to be in agricultural fields of study, and find the learning in the garden to be preparing them for life skills.</p> <p>Scope: LEA-wide</p>	<p>The District will provide a school garden for outdoor learning experience for SED, EL, and Hispanic students. Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Tipton Elementary plans to use additional funds to increase the hours of one part time custodial staff to a full time position. This will allow additional hours to support students. TESD has hired additional teachers to support small class sizes. This will allow direct services for students who are low-income, English learners and foster youth.

Action 5.4 will provide additional hours to support students and parent events through the Additional Concentration Grant that was available.

Action 6.2 Additional teachers to support small class sizes. This will allow direct services for students who are low-income, English learners and foster youth.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

ANNUAL BUDGET REPORT:

July 1, 2024 Budget Adoption

Select applicable boxes:

X This budget was developed using the state-adopted Criteria and Standards. It includes the expenditures necessary to implement the Local Control and Accountability Plan (LCAP) or annual update to the LCAP that will be effective for the budget year. The budget was filed and adopted subsequent to a public hearing by the governing board of the school district pursuant to Education Code sections 33129, 42127, 52060, 52061, and 52062.

X If the budget includes a combined assigned and unassigned ending fund balance above the minimum recommended reserve for economic uncertainties, at its public hearing, the school district complied with the requirements of subparagraphs (B) and (C) of paragraph (2) of subdivision (a) of Education Code Section 42127.

Criteria and Standards Review Summary

The following summary is automatically completed based on data provided in the Criteria and Standards Review (Form 01CS). Criteria and standards that are "Not Met," and supplemental information and additional fiscal indicators that are "Yes," may indicate areas of potential concern for fiscal solvency purposes and should be carefully reviewed.

CRITERIA AND STANDARDS			Met	Not Met
1	Average Daily Attendance	Projected (funded) ADA has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.	X	
2	Enrollment	Enrollment has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.	X	
3	ADA to Enrollment	Projected second period (P-2) ADA to enrollment ratio is consistent with historical ratios for the budget and two subsequent fiscal years.	X	
4	Local Control Funding Formula (LCFF) Revenue	Projected change in LCFF revenue is within the standard for the budget and two subsequent fiscal years.	X	
5	Salaries and Benefits	Projected ratios of total unrestricted salaries and benefits to total unrestricted general fund expenditures are consistent with historical ratios for the budget and two subsequent fiscal years.	X

ANNUAL CERTIFICATION REGARDING SELF-INSURED WORKERS' COMPENSATION CLAIMS

Pursuant to Education Code Section 42141, if a school district, either individually or as a member of a joint powers agency, is self-insured for workers' compensation claims, the superintendent of the school district annually shall provide information to the governing board of the school district regarding the estimated accrued but unfunded cost of those claims. The governing board annually shall certify to the county superintendent of schools the amount of money, if any, that it has decided to reserve in its budget for the cost of those claims.

To the County Superintendent of Schools:

Our district is self-insured for workers' compensation claims as defined in Education Code Section 42141(a):

Total liabilities actuarially determined:	\$	_____
Less: Amount of total liabilities reserved in budget:	\$	_____
Estimated accrued but unfunded liabilities:	\$	_____ 0.00

This school district is self-insured for workers' compensation claims through a JPA, and offers the following information:

This school district is not self-insured for workers' compensation claims.

TIPTON ELEMENTARY SCHOOL DISTRICT

CAFETERIA FUND

2024-2025 Budget Adoption
As of June 4th, 2024

Fund # 13

The Cafeteria Fund is the operating fund of the District that accumulates costs related to providing food services for students. The Cafeteria Fund does not require a contribution from the General Fund.

Child Nutrition Services provides lunch, breakfast and snacks, as well as other food services, to students and staff of the Tipton Elementary School District. Money received from meal service and sales is deposited into the Cafeteria Fund.

The primary program expenditures are for labor, benefits and meal supplies. The Cafeteria Fund is a categorical fund expected to operate solely on program revenues received. The Child Nutrition Services program will continue to streamline operations and maximize its use of resources.

TIPTON ELEMENTARY SCHOOL DISTRICT

DEFERRED MAINTENANCE FUND

2024-2025 Budget Adoption
As of June 4th, 2024

Fund # 14

Deferred Maintenance is a separate fund from the district general fund. The District no longer receives funds for Deferred Maintenance Fund, as it has been rolled in to the LCFF funding, however the district transfers \$10k annually from the LCFF. The District will continue to contribute amounts needed for this program.

Principle revenues in this fund are:

BUILDING FUND

2024-2025 Budget Adoption
As of June 4th, 2024

Fund # 21

This fund exists primarily to account separately for proceeds from the sale of bonds and may not be used for any purposes other than those for which the bonds were issued. Other authorized revenues to the Building Fund (Fund 21) are proceeds from the sale or lease-with-option-to-purchase of real property and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board.

Principle revenues and other sources in this fund are:

Rentals and leases

Interest

Proceeds from the Sale of Bonds (Current Year and/or Prior Years).

Proceeds from the Sale/Lease-Purchase of Land and Buildings (when applicable).

Currently this fund is not in use.

CAPITAL FACILITIES FUND

2024-2025 Budget Adoption
As of June 4th, 2024

Fund # 25

This fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development. The authority for these levies may be county/city ordinances or private agreements between the LEA and the developer. Interest earned in the Capital Facilities Fund (Fund 25) is restricted to that fund.

Principle revenues in this fund are the following:

Interest

Mitigation/Developer Fees

COUNTY SCHOOL FACILITIES FUND

2024-2025 Budget Adoption

As of June 4th, 2024

Fund # 35

This fund is established pursuant to Education Code Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), or the 2006 State School Facilities Fund (Proposition 1D) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (Education Code Section 17070.10 et seq.).

The principal revenues and other sources in this fund are:

- School Facilities Apportionments
- Interest
- Interfund Transfers In

Funding provided by the State Allocation Board for reconstruction of facilities after disasters such as flooding may be deposited to Fund 35. Typical expenditures in this fund are payments for the costs of sites, site improvements, buildings, building improvements, and furniture and fixtures capitalized as a part of the construction project.

SECTION IV - Detail of Adjustments to Base Expenditures (used in Section III, Line A.1)		
Description of Adjustments	Total Expenditures	Expenditures Per ADA
Total adjustments to base expenditures	0.00	0.00

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 209,266.00
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 7,843,907.03

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 2.67%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. **Entry required**

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.		
Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.		
A. Indirect costs incurred in the current year (Part III, Line A8)		437,892.90
B. Carry-forward adjustment from prior year(s)		
1. Carry-forward adjustment from the second prior year		36,066.12
2. Carry-forward adjustment amount deferred from prior year(s), if any		0.00
C. Carry-forward adjustment for under- or over-recovery in the current year		
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.09%) times Part III, Line B19); zero if negative		0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.09%) times Part III, Line B19) or (the highest rate used to recover costs from any program (5.45%) times Part III, Line B19); zero if positive		0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)		0.00
E. Optional allocation of negative carry-forward adjustment over more than one year		
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.		
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:		not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:		not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:		not applicable
LEA request for Option 1, Option 2, or Option 3		1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)		0.00

Approved indirect cost rate: 5.09%
Highest rate used in any program: 5.45%
Note: In one or more resources, the rate used is greater than the approved rate.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multi-year commitments (including cost-of-living adjustments).
Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Projected funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

	Percentage Level	District ADA
	3.0%	0 to 300
	2.0%	301 to 1,000
	1.0%	1,001 and over
District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):	453.64	
District's ADA Standard Percentage Level:	2.0%	

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Third, Second, and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Third, Second, and First Prior Years. All other data are extracted.

Fiscal Year	Original Budget Funded ADA (Form A, Lines A4 and C4)	Estimated/Unaudited Actuals Funded ADA (Form A, Lines A4 and C4)	ADA Variance Level (If Budget is greater than Actuals, else N/A)	Status

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for the first prior year.

Explanation:
(required if NOT met)

1b. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA
3.0%	0 to 300
2.0%	301 to 1,000

District's Enrollment Standard Percentage Level:

2A. Calculating the District's Enrollment Variances

DATA ENTRY: Enter data in the Enrollment, Budget, column for all fiscal years and in the Enrollment, CALPADS Actual column for the First Prior Year; all other data are extracted or calculated. CALPADS Actual enrollment data preloaded in the District Regular lines will include both District Regular and Charter School enrollment. Districts will need to adjust the District Regular enrollment lines and the Charter School enrollment lines accordingly. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	Enrollment		Enrollment Variance Level (if Budget is greater than Actual, else N/A)	Status
	Budget	CALPADS Actual		
Third Prior Year (2021-22)				
District Regular	527	536		
Charter School				
Total Enrollment	527	536	N/A	Met
Second Prior Year (2022-23)				
District Regular	531	519

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for the first prior year.

Explanation:
(required if NOT met)

1b. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

District used 21-22 actual enrollment for 22-23 as an enrollment projection. Actual enrollment for 22-23 was lower than projected.

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: All data are extracted or calculated. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	P-2 ADA Estimated/Unaudited Actuals (Form A, Lines A4 and C4)	Enrollment CALPADS Actual (Criterion 2, Item 2A)	Historical Ratio of ADA to Enrollment
Third Prior Year (2021-22)			
District Regular	493	536	
Charter School		0	
Total ADA/Enrollment	493	536	91.9%
Second Prior Year (2022-23)			
District Regular	485	519	
Charter School	0		
Total ADA/Enrollment	485	519	93.5%
First Prior Year (2023-24)			
District Regular	469	501	
Charter School			
Total ADA/Enrollment	469	501	93.5%
		Historical Average Ratio:	93.0%
		District's ADA to Enrollment Standard (historical average ratio plus 0.5%):	93.5%

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Enter data in the Estimated P-2 ADA column for the two subsequent years. Enter data in the Enrollment column for the two subsequent years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund only, for all fiscal years. All other data are extracted or calculated.

Fiscal Year	Estimated P-2 ADA Budget (Form A, Lines A4 and C4)	Enrollment Budget/Projected (Criterion 2, Item 2A)	Ratio of ADA to Enrollment	Status
Budget Year (2024-25)				
District Regular	454	491		
Charter School	0			
Total ADA/Enrollment	454	491	92.4%	Met
1st Subsequent Year (2025-26)				
District Regular	439	481

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's cost-of-living adjustment (COLA), plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's COLA, plus or minus one percent.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

- LCFF Revenue
- Basic Aid
- Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue

4A1. Calculating the District's LCFF Revenue Standard

DATA ENTRY: Enter data in Step 1a for the two subsequent fiscal years. All other data is extracted or calculated. Enter data for Steps 2a through 2b1. All other data is calculated.

Projected LCFF Revenue

	Prior Year (2023-24)	Budget Year (2024-25)	1st Subsequent Year (2025-26)	2nd Subsequent Year (2026-27)

Status:		Met	Met	Met

4C. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Projected change in LCFF revenue has met the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: All data are extracted or calculated.

Fiscal Year	Estimated/Unaudited Actuals - Unrestricted (Resources 0000-1999)		Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures
	Salaries and Benefits (Form 01, Objects 1000-3999)	Total Expenditures (Form 01, Objects 1000-7499)

5B. Calculating the District's Projected Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: If Form MYP exists, Unrestricted Salaries and Benefits, and Total Unrestricted Expenditures data for the 1st and 2nd Subsequent Years will be extracted; if not, enter data for the two subsequent years. All other data are extracted or calculated.

Fiscal Year	Budget - Unrestricted (Resources 0000-1999)		Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures	Status
	Salaries and Benefits (Form 01, Objects 1000-3999)	Total Expenditures (Form MYP, Lines B1-B8, B10)		
Budget Year (2024-25)	6,270,286.00	7,601,343.00	82.5%	Met
1st Subsequent Year (2025-26)	6,519,429.00	7,796,226.00	83.6%	Met
2nd Subsequent Year (2026-27)	6,774,471.00	8,087,561.00	83.8%	Met

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Ratio of total unrestricted salaries and benefits to total unrestricted expenditures has met the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.

6A. Calculating the District's Other Revenues and Expenditures Standard Percentage Ranges

DATA ENTRY: All data are extracted or calculated.

	Budget Year (2024-25)	1st Subsequent Year (2025-26)	2nd Subsequent Year (2026-27)
1. District's Change in Population and Funding Level (Criterion 4A1, Step 3):	(2.38%)	(1.27%)	(.23%)
2. District's Other Revenues and Expenditures Standard Percentage Range (Line 1, plus/minus 10%):	-12.38% to 7.62%	-11.27% to 8.73%	-10.23% to 9.77%
3. District's Other Revenues and Expenditures Explanation Percentage Range (Line 1, plus/minus 5%):	-7.38% to 2.62%	-6.27% to 3.73%	-5.23% to 4.77%

6B. Calculating the District's Change by Major Object Category and Comparison to the Explanation Percentage Range (Section 6A, Line 3)

DATA ENTRY: If Form MYP exists, the 1st and 2nd Subsequent Year data for each revenue and expenditure section will be extracted; if not, enter data for the two subsequent years. All other data are extracted or calculated.

Explanations must be entered for each category if the percent change for any year exceeds the district's explanation percentage range.

Object Range / Fiscal Year	Amount	Percent Change Over Previous Year	Change Is Outside Explanation Range
Federal Revenue (Fund 01, Objects 8100-8299) (Form MYP, Line A2)			
First Prior Year (2023-24)	1,261,085.52

7. **CRITERION: Facilities Maintenance**

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year. Statute exclude the following resource codes from the total general fund expenditures calculation: 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, 7027, and 7690.

DATA ENTRY: Click the appropriate Yes or No button for special education local plan area (SELPA) administrative units (AUs); all other data are extracted or calculated. If standard is not met, enter an X in the appropriate box and enter an explanation, if applicable.

1. a. For districts that are the AU of a SELPA, do you choose to exclude revenues that are passed through to participating members of the SELPA from the OMMA/RMA required minimum contribution calculation?

Yes

b. Pass-through revenues and apportionments that may be excluded from the OMMA/RMA calculation per EC Section 17070.75(b)(2)(D) (Fund 10, resources 3300-3499, 6500-6540 and 6546, objects 7211-7213 and 7221-7223)

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

No

1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

No

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Use of Ongoing Revenues for One-time Expenditures

1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

No

1b. If Yes, identify the expenditures:

S4. Contingent Revenues

1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

No

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

58. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review. DATA ENTRY: Click the appropriate Yes or No button for items A1 through A9 except item A3, which is automatically completed based on data in Criterion 2.

- A1. Do cash flow projections show that the district will end the budget year with a negative cash balance in the general fund?
- A2. Is the system of personnel position control independent from the payroll system?
- A3. Is enrollment decreasing in both the prior fiscal year and budget year? (Data from the enrollment budget column and actual column of Criterion 2A are used to determine Yes or No)
- A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior fiscal year or budget year?
- A5. Has the district entered into a bargaining agreement where any of the budget or subsequent years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?
- A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?
- A7. Is the district's financial system independent of the county office system?
- A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education)

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Tipton Elementary School District has allocated its federal budget so that the majority of the cost supports the employment of staff. The purpose of the extra support staff is to provide and enhance our students with extra resources and supplemental materials which include intervention, small group instruction as well as support for new immigrant arrivals and English language learners. Our resource teacher provides support in curriculum and instruction and assessment for both teachers and students. The resource teacher helps lead academic intervention for struggling and disadvantaged students. The resource teacher in conjunction with the principal developed a professional development plan aligned to student and teacher needs. In order to engage and support our community and parent stakeholders and provide the necessary support needed the district hired a parent liaison to facilitate parent education and to increase parent engagement in our school community.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The goal of the LCAP and Federal Addendum is to support and provide academic support, high quality instruction and support intervention for our disadvantaged, English Learners and unduplicated students. Both state and federal plans include actions to provide supplemental materials and access to technology and technology based programs in order to differentiate instruction. We are utilizing both state and federal funding to support our parents with access to trainings and social opportunities to become more comfortable and involved in the school process.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 (<i>as applicable</i>)

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;
- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 <i>(as applicable)</i>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 <i>(as applicable)</i>

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

TITLE II, PART A

Title II, Part A Activities

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 (<i>as applicable</i>)

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

TITLE III, PART A

Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 (<i>as applicable</i>)

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

TITLE I, PART A

Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

In 2018-2019 TESD conducted a thorough data collection and analysis process. Through the analysis of state and local assessments it was determined that EL students under performed when compared to other sub groups and school wide average especially in mathematics. It has been determined locally that small group support and intervention along with computer based programs to assist with differentiated instruction would be the best strategy to support this identified sub group. This includes support from instructional aides who deliver intervention and language support. We have shared these findings with our stakeholders which include School Site Council, parent advisory council, staff and the leadership cohort. After examining teacher and class data the following has been determined: Low-income, minority students are not taught disproportionately by ineffective, inexperienced or out-of-field teachers.

On November 6, 2019, the SBE approved updated definitions for “ineffective” and “out-of-field” teachers to be included in the amended California ESSA Consolidated State Plan.

Term	Definition
Ineffective teacher	An ineffective teacher is any of the following: <ul style="list-style-type: none">• An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or

	<ul style="list-style-type: none"> • A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned) • An individual who holds no credential, permit, or authorization to teach in California. <p>Under this definition, teachers with the following limited emergency permits would be considered ineffective:</p> <ul style="list-style-type: none"> • Provisional Internship Permits, • Short-Term Staff Permits • Variable Term Waivers <p>Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record</p>
Out-of-field teacher	<p>A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of the field:</p> <ul style="list-style-type: none"> • General Education Limited Assignment Permit (GELAP) • Special Education Limited Assignment Permit (SELAP) • Short-Term Waivers • Emergency English Learner or Bilingual Authorization Permits <p>Local Assignment Options (except for those made pursuant to the <i>California Code of Regulations</i>, Title 5, Section 80005[b])</p>
Inexperienced Teacher	A teacher who has two or fewer years of teaching experience.
Minority Student	A student who is American Indian/Alaska Native, Asian, African American, Filipino, Native Hawaiian/Pacific Islander, Hispanic, or Two or More Races Not Hispanic.
Low-Income Student	A student who is eligible to receive Free or Reduced-Price Meals

Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

To meet this requirement, LEAs must provide a description of the following:

ESSA Section 1112(b)(3): how the LEA will carry out its responsibilities under paragraphs (1) and (2) of Section 1111(d);

1. How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans
2. How the LEA will involve parents and family members in identified schools in jointly developing the Targeted Support and Improvement plans
3. In the absence of the identification of any schools for Comprehensive Support and Improvement (CSI) or any schools for Targeted Assistance and Intervention (TAI), the LEA may write N/A. This provision will not be reviewed.

ESSA Section 1112(b)(7): the strategy the LEA will use to implement effective parent and family engagement under Section 1116; shall include how the LEA and its schools will build capacity for parent and family engagement by:

1. Describe the LEA parent and family engagement policy, and how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy (ESSA Section 1116(a)).
2. Describe how the LEA will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children; (ESSA Section 1116(e)(1))
3. Describe how the LEA will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement; (ESSA Section 1116(e)(2))
4. Describe how the LEA will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (ESSA Section 1116(e)(3))
5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))
6. Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand (ESSA Section 1116(e)(5))
7. Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request (ESSA Section 1116(e)(14)).
8. Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language, such parents understand (ESSA Section 1116(f)).

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Our parent and family involvement Policy has been developed jointly with, and agreed on with, parents of children participating in Title I, Part A programs, the English Learner Advisory Committee and the School Site Council. Through discussion and sharing of common ideas and goals it was agreed on. The family engagement policy is distributed to parents and family members of participating children in the registration packets to each student or upon enrollment of all new students. The LEA will provide assistance to parents of children served by the school or local educational agency regarding how to monitor a child's progress and work with educators to improve the achievement of their children by explaining test results at SSC/ELAC meetings and at meetings held by our parent liaison. Teachers explain to parents how to monitor progress by the use of our local aeries portal. Parents have access to log in and view grades and test scores for CAASPP/ELPAC at any time. Teachers also have parent nights discussing a wide variety of topics that will assist parents and their children. Teachers also meet with parents twice a year at parent teacher conferences to discuss each students progress as well as meeting with families at our annual back to school night and open house each school year. Parent conference attendance is high and monitored for any trends of low attendance among individual teachers. All parent communication and notifications are provided in both English and Spanish. Through the help and work of our parent liaison TESD is able to coordinate and integrate parent involvement programs and activities that support parents and students. The goal is to connect parents to a variety of resources and to to understand how important their roll is with their child's education. The parent liaison provides out reach to parents that connect the community and school together and create a welcoming environment. Through discussion at monthly parent meetings the parent liaison is able to develop a plan that best meets the needs of parents based on surveys and discussion. The parent liaison provides training's for parents that address a variety of topics. Feed back is also taken at SSC/ELAC meetings to hear concerns or ideas parent have and ways in which the school can help and support parents and their children. The LEA will provide reasonable support for parental involvement activities as parents may request by working with the parent liaison or social worker to set up additional support. The LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language such parents understand by having small group parent meetings with translators that can explain the data. Visual reports are shown and discussed with parents that make it easier to understand. TESD has translators and hearing assistance devices to help parents who may need additional services. TESD would also provide a sign-language interpreter if needed. TESD accommodates all of it's families and special accommodations will be made for communicating with families that have accessibility needs or other special needs which make corresponding with the school difficult. The school also makes home visits when necessary to help and assist students and families when needed. TESD provides opportunities for the informed participation of parents and family members of migratory children by meeting with parents and family members before students are away from school for an extended period of time and once the students return to school after an extended absence to help parents help their child(ren) overcome educational disruption. The school provides independent work for all students when needing to leave for more than 5 days. Students are encouraged to come once a week to receive additional tutoring services if available. The school supports and communicates with families about how to help serve the children and to provide additional support if necessary upon their return. TESD works collaboratively with parents and families to develop, review, and monitor the parent engagement policy. Parents, students, teachers complete a school compact annually at the beginning of each school year. TESD is dedicated to providing a quality education for every student in our district. To accomplish this objective, we will develop and maintain partnerships with parents and community members. Each student will benefit from supportive, active involvement of all stakeholders. A positive link between home and school will create the most conducive learning condition for every child. These open communication lines will expand and enhance learning opportunities for all stakeholders.

Tipton Elementary School believes in the importance of good communication between the home and the school in building a successful learning environment for all students. It is our desire to provide multiple opportunities for parents, students and school staff to establish strong, meaningful and lasting connections. Our Parent Involvement Policy has been developed jointly with, and agreed on with, parents of children participating in Title I, Part A programs, the English Learner Advisory Committee and the School Site Council.

PART I. SCHOOL PARENTAL INVOLVEMENT POLICY

Tipton Elementary School has involved the parents of participating students in the joint development and agreement of its School Parent Involvement Policy and its school wide plan, in an organized, ongoing, and timely manner:

- Tipton Elementary School holds regular English Learners Advisory Committee (ELAC), and School Site Council (SSC) meetings to plan for the improvement of the Title I program.
- After annual elections are done for ELAC and SSC, a review of the meeting times and dates are then considered to accommodate participants' work schedules.

- The Parent Involvement Policy is distributed in the registration packets to each student or upon enrollment of all new students.
- The Parent Involvement Policy will be made available to local community agencies that request a copy.
- During the Fall semester of every school year, the school will collaborate with parent groups to review and update the parent involvement policy to reflect the changes in school culture and Program Improvement status.

- Tipton Elementary School will convene an annual meeting to inform parents of the following:
 - That their child's school participates in Title I;
 - About the requirements and rights to be involved in Title I;
 - About the resources provided through their school's participation in Title I; and
 - The use of Teleparent, and letters home to inform parents of time/place of the annual Title I meeting.
- Tipton Elementary School will provide parents of participating children with a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet.
- Tipton Elementary School will provide opportunities for parents to make suggestions and to participate in decisions relating to their child's education, (i.e. School Site Council membership, ELAC membership, and parent surveys)
- Tipton Elementary School will submit any parent comments if the school wide plan is not satisfactory to parents of participating children:
 - SSC will review such comments and consider ways to resolve the disputed sections of the school plan.

PART II. SHARED RESPONSIBILITIES FOR HIGH STUDENT ACADEMIC ACHIEVEMENT

Tipton Elementary School will jointly develop and incorporate the school-parent compact as a component of its School Parental Involvement Policy:

- The parent compact is disseminated to returning students in the registration packet issued in August and given to new students at the beginning of the school year in their enrollment packets.
- Signed compacts are collected and filed annually.

Tipton Elementary School will provide a supportive and effective learning environment with high standards of conduct for all students.

- Tipton Elementary School will provide student-centered instruction based on California State Standards, the district curriculum, and research-based methodologies to address all learning styles and modalities.
- Tipton Elementary School staff will maintain regular communication with parents about their student's academic progress and the school's behavior expectations; frequent progress reports are sent to parents.
- Tipton Elementary School will provide parents with reasonable access to staff through formal parent/teacher conferences and classroom observations, as well as opportunities to volunteer on the school campus.

Tipton Elementary School parents will ensure that their child attends school on time every day prepared to learn and has appropriate sleep, nutrition, clothing and school supplies.

- Tipton Elementary School parents will monitor homework completion and collaborate with teachers, and school staff in decisions relating to their child's education.
- Tipton Elementary School parents will set positive behavior and attire expectations and reinforce school policies about respecting people and property.

Tipton Elementary students will take responsibility for their learning by coming to class on time and in full disposition to learn, behave and cooperate with their teachers and peers.

- Tipton Elementary students will maximize opportunities to understand the subject area material, using strategies that best support their learning style and completing and returning their assignments on time.
- Tipton Elementary students will dress appropriately and behave responsibly by respecting the personal rights and property of themselves and others.

PART III. BUILDING CAPACITY FOR INVOLVEMENT

Tipton Elementary, under the Title I mandate, is committed to building parent involvement to support a partnership among the school, parents, and the community to improve student academic achievement, through the following activities:

- Tipton Elementary will provide formal parent conferences twice a year. At these meetings parents are provided with information regarding their child's progress towards proficiency in the state academic achievement standards.
- Tipton Elementary will provide information on student mastery of the state content standards through student progress reports, report cards, state and local assessment results, and work samples.
- Tipton Elementary will provide materials and training to help parents work with their children to improve their children's academic achievement, such as Back to School Night; SSC and ELAC meetings; Parent-Teacher Conferences; Open House; district-sponsored workshops (which include communication techniques, parenting skills, literacy and math training), informational flyers and pamphlets, and using technology, as appropriate, to foster parental involvement.
- Tipton Elementary shall present professional development to the entire staff on developing effective communication between staff and parents in order to promote an equal partnership between the home and school.
- Tipton Elementary shall conduct parent involvement activities and parent education workshops to encourage and support parents' participation in the education of their children.
- Tipton Elementary will, to the extent feasible and appropriate, disseminate information related to the school and parent programs, meetings, and other activities, in an understandable format, and in a language the parents can understand.
- All school information is sent home via student, standard mail or the school's phone master system.
- Tipton Elementary will provide support for parental involvement activities as requested by parent surveys.

PART IV. ACCESSIBILITY

Tipton Elementary will provide opportunities for participation by parents with limited English proficiency, parents with disabilities, and parents of migrant and homeless students.

This includes providing information and school reports in a format, and when possible, in a language such parents understand.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD is a schoolwide Title I school. TESSD has one Instructional Resource Teacher to support differentiation, intervention, and targeted support. In addition to the Instructional Resource Teacher, the school employs several instructional aides that support small group instruction within the classrooms. The specific intervention programs are monitored through progress monitoring of each student. Data review and analysis is done to ensure student learning needs are being met and are designed to best support student learning. In order to ensure alignment of the Federal Addendum and the LCAP goals, initial School Site Council discussion includes LCAP goals and actions along with discussion of the school dashboard data. The School Site Council looks closely at prior year's action effectiveness with a careful eye to ensure they are looking at outcomes rather than simply good intentions of actions and programs. Using this critical eye, data analysis of both state and local academic data outcomes, reflection and input on specific actions, and stakeholder input is taken into account. The SSC then develops newly planned actions (or modifies or continues prior actions) and documents them. The LCAP and Federal Addendum are taken the school Board for approval each year.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD provides additional support for homeless children and youths through our local parent liaison and social worker who assist with the coordination of services and resources for qualified families. This includes but is not limited to providing resources for housing, food, clothing, medical/dental, employment, transportation and counseling programs that are available to assist with a variety of needs. These counseling programs include support for victims of domestic violence, and or sexual abuse and addiction. The district provides an after school program that gives priority enrollment to homeless children and youth. The district provides support and guidance through the help of the social worker and parent liaison with enrolling homeless children and youth and ensuring their emotional and academic success along with supporting families with children who have attendance issues.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD works in conjunction with the local high school through administrator and teacher articulation meetings held four times a year. Our district hosts high school orientation and registration opportunities for our matriculating families. We connect students to the high school district through a variety activities including attending sporting events and assemblies, as well as visiting high school classrooms to preview future educational opportunities that may be available to them.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD has allocated Title I funds for the following: certificated salaries and benefits for tutoring, parent liaison, special friends aide, services (web based programs) professional development, materials and supplies, Resource and Music teacher salaries and benefits and classified salaries and benefits.

TITLE I, PART D

Description of Program ESSA SECTION 1423(1)

Provide a description of the program to be assisted [by Title I, Part D].

THIS ESSA PROVISION IS ADDRESSED BELOW:

Formal Agreements ESSA SECTION 1423(2)

Provide a description of formal agreements, regarding the program to be assisted, between the

(A) LEA; and

(B) correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Comparable Education Program ESSA SECTION 1423(3)

As appropriate, provide a description of how participating schools will coordinate with facilities working with delinquent children and youth to ensure that such children and youth are participating in an education program comparable to one operating in the local school such youth would attend.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Successful Transitions ESSA SECTION 1423(4)

Provide a description of the program operated by participating schools to facilitate the successful transition of children and youth returning from correctional facilities and, as appropriate, the types of services that such schools will provide such children and youth and other at-risk children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Educational Needs ESSA SECTION 1423(5)

Provide a description of the characteristics (including learning difficulties, substance abuse problems, and other special needs) of the children and youth who will be returning from correctional facilities and, as appropriate, other at-risk children

and youth expected to be served by the program, and a description of how the school will coordinate existing educational programs to meet the unique educational needs of such children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Social, Health, and Other Services

ESSA SECTION 1423(6)

As appropriate, provide a description of how schools will coordinate with existing social, health, and other services to meet the needs of students returning from correctional facilities, at-risk children or youth, and other participating children or youth, including prenatal health care and nutrition services related to the health of the parent and the child or youth, parenting and child development classes, child care, targeted reentry and outreach programs, referrals to community resources, and scheduling flexibility.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Postsecondary and Workforce Partnerships

ESSA SECTION 1423(7)

As appropriate, provide a description of any partnerships with institutions of higher education or local businesses to facilitate postsecondary and workforce success for children and youth returning from correctional facilities, such as through participation in credit-bearing coursework while in secondary school, enrollment in postsecondary education, participation in career and technical education programming, and mentoring services for participating students.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Parent and Family Involvement

ESSA SECTION 1423(8)

As appropriate, provide a description of how the program will involve parents and family members in efforts to improve the educational achievement of their children, assist in dropout prevention activities, and prevent the involvement of their children in delinquent activities.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Program Coordination

ESSA SECTION 1423(9–10)

Provide a description of how the program under this subpart will be coordinated with other Federal, State, and local programs, such as programs under title I of the Workforce Innovation and Opportunity Act and career and technical education programs serving at-risk children and youth.

Include how the program will be coordinated with programs operated under the Juvenile Justice and Delinquency Prevention Act of 1974 and other comparable programs, if applicable.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Probation Officer Coordination

ESSA SECTION 1423(11)

As appropriate, provide a description of how schools will work with probation officers to assist in meeting the needs of children and youth returning from correctional facilities.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Individualized Education Program Awareness

ESSA SECTION 1423(12)

Provide a description of the efforts participating schools will make to ensure correctional facilities working with children and youth are aware of a child's or youth's existing individualized education program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Alternative Placements

ESSA SECTIONS 1423(13)

As appropriate, provide a description of the steps participating schools will take to find alternative placements for children and youth interested in continuing their education but unable to participate in a traditional public school program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please provide a description of the LEA's systems of professional growth and improvement for teachers, principals, and other school leaders.
2. Please address principals, teachers, and other school leaders separately.
3. Please explain how the systems promote professional growth and ensure improvement, including how the LEA measures growth and improvement
4. Please describe how the systems support principals, teachers, and other school leaders from the beginning of their careers, throughout their careers, and through advancement opportunities
5. Please describe how the LEA evaluates its systems of professional growth and improvement and makes adjustments to ensure continuous improvement within these systems.

The district participates in induction programs for new teachers. Principals have participated in leadership academies, curriculum and instruction along with a variety of professional development at our local county office of education. The superintendent participates in small schools superintendent meetings as well as superintendent leadership meetings. Teachers participate in a variety of professional development opportunities based on the needs of their students and grade level teams. A local resource teacher helps to provide guidance and support in areas where teachers feel they need additional help. Through leadership meetings teachers and staff evaluate current conditions and data and make determinations for the best next steps.

TESD provides professional growth and improvement by working with the Tulare County Office of Education's resource support division and their consultants. In the past we have focused our professional development around literacy and differentiated instruction. Through this work we have implemented guided reading, writing workshop, developmental reading assessment, accelerated reader and the STAR assessment platform. Moving forward the district's focus will shift to address the identified achievement gaps of EL learners in mathematics.

TESD's resource teacher will provide support to students and teachers by providing curriculum support, demonstrations, data analysis and student intervention. The resource teacher will also be an important member of the districts improvement cohort which is focused on closing the achievement gap explained above.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

Address these questions:

1. Please describe the LEA's process for determining Title II, Part A funding among the schools it serves.
2. Please describe how the LEA determines funding that prioritizes CSI and TSI schools and schools serving the highest percentage of children counted under Section 1124(c).
3. Please describe how CSI and TSI schools and schools that have the highest percentage of children counted under Section 1124(c) that the LEA serves receive priority in Title II, Part A funding decisions compared to other schools the LEA serves.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Tipton Elementary School District is a single school district and all Title II funds will be used to support students, teachers and paraprofessionals in closing the achievement gap. Through quarterly site council, parent advisory and staff leadership meetings this plan has been developed to best meet the needs of all stakeholders. Our goal is to increase student achievement at a steady and consistent rate.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please explain how the LEA coordinates its Title II, Part A activities with other related strategies, programs, and activities.
2. Please describe how the LEA uses data to continually update and improve activities supported under Title II, Part A.
3. Please describe how the LEA uses ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under Title II, Part A.
4. Please describe the sources of data the LEA monitors to evaluate Title II, Part A activities and how often it analyzes this data.
5. Please describe the ways in which the LEA meaningfully consults with the following educational partners to update and improve Title II, Part A-funded activities:
 - a. Teachers
 - b. Principals and other school leaders
 - c. Paraprofessionals (including organizations representing such individuals)
 - d. Specialized instructional support personnel
 - e. Charter school leaders (in a local educational agency that has charter schools)
 - f. Parents
 - g. Community partners
 - h. Organizations or partners with relevant and demonstrated expertise in programs and activities
6. Please explain how often the LEA meaningfully consults with these educational partners.

The TESD collects and analyzes assessment data from both state and local sources. This includes CAASPP, CAST, CAA, and local assessments STAR reading and math, DRA and writing. Teachers collaborate around student and grade level needs and the district leads assessment analysis tasks throughout the year. During these meetings teachers identify strengths and weaknesses and report out their findings. Our paraprofessionals work to support student needs that have been identified through the data analysis process by providing small group and intervention individual support. In consultation with teachers, parents and staff the district has determined that teachers and student support in closing recognized achievement gaps is our highest priority. Through quarterly site council, parent advisory and staff leadership meetings this plan has been developed to best meet the needs of all stakeholders. Our goal is to increase student achievement at a steady and consistent rate.

TITLE III, PART A

Title III Professional Development

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

Complete responses will:

Address professional development activities specific to English learners/Title III purposes that are:

1. designed to improve the instruction and assessment of English learners;
2. designed to enhance the ability of such teachers, principals, and other school leaders to understand and implement curricula, assessment practices and measures, and instructional strategies for English learners;
3. effective in increasing children's English language proficiency or substantially increasing the subject matter knowledge, teaching knowledge, and teaching skills of such teachers;
4. of sufficient intensity and duration (which shall not include activities such as one-day or short-term workshops and conferences) to have a positive and lasting impact on the teachers' performance in the classroom; and
5. supplemental to all other funding sources for which the LEA is eligible.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD provides curriculum support and development, the creation and implementation of professional development plans, and on going data analysis and necessary adjustments through the support of the resource teacher. We have identified an achievement gap for English Learners in math. In order to address this need the resource teacher along with an advisory cohort has developed a plan to include the following in order to assist English Learners in math. More effective vertical alignment, vocabulary development, number talks, problem solving and three read protocol will be the professional development focus for 2019-2020 and beyond.

Our instructional aide and resource teacher along with our teachers receive professional development on ELPAC and trainings that assist students with meeting the ELD standards. Additional trainings are provided to the resource teacher in the ELD comment of the core curriculum program. The resource teacher will provide in class support for the implementation of integrated ELD practices.

One Instructional aide is designated to provide small group and individual support for new comers and emerging learners who need more intensive language support in thinking, listening, speaking, reading, writing and math based on language proficiency levels. This is support for comers with small group intervention in reading and language development. The district will provide after school opportunities for immigrant students along with a summer school enrichment program. These enrichment opportunities give English Learners multiple changes to interact with other students in meaningful ways, learn how English works, and practice using foundational literacy skills.

EL students have access to computer-based programs that provide oral and written direction in primary language while instructing and building English skills. These programs include Lexia, Rosetta Stone and Accelerated Reader.

Enhanced Instructional Opportunities

ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

Complete responses will:

1. Describe the activities implemented, supplemental to all other funding sources for which the LEA is eligible, that provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The district will provide after school opportunities for immigrant students along with a summer school enrichment program. Immigrant students have access to computer based programs that provide direction in primary language while instructing and building English skills. These programs include Lexia, Rosetta Stone and Accelerated Reader. A district paraprofessional is designated to provide small group and individual support for new arrivals and recent arrivals who need more intensive language support in all subject areas. This paraprofessional provides parent outreach and communication to ensure that families and students are being effectively served and supported. Referrals to other support services including social work, school nurse, or parent liaison can be made if necessary.

Title III Programs and Activities

ESSA SECTIONS 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

Complete responses will:

1. Address the effective language instruction programs specific to English learners.
2. Address Title III activities that:
 - are focused on English learners and consistent with the purposes of Title III;
 - enhance the core program; and
 - are supplemental to all other funding sources for which the LEA is eligible.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Funds from Title III will be used to supplement services beyond that of base and LCAP funds to specifically focus on the needs of English Learners. While core materials and classroom teachers are required for student instruction, the additional staff and services provided with Title III funds provide an extra layer of support to teachers and parents of English Learners and direct services to students with the goal of accelerated language acquisition and increased student achievement.

Through on going data analysis and consultation with school leadership and stakeholders including parents, we have identified the need to provide more support for EL students, especially in math. With guidance from administration the resource teacher has implemented the research based programs; guided reading, Reading Mastery and Language for Learning to provide language and reading support for EL students who are under achieving. Students who have been identified as having a greater need may be deployed throughout the day to receive individual differentiated instruction based on their language and academic need.

English Proficiency and Academic Achievement

ESSA SECTIONS 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (A) achieving English proficiency based on the State's English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State's long-term goals, as described in Section 1111(c)(4)(A)(ii); and
- (B) meeting the challenging State academic standards.

Complete responses will:

1. Address how sites will be held accountable for meeting English acquisition progress and achievement goals for English learners.
2. Address site activities that are supplemental to all other funding sources for which the LEA is eligible.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Subgrant funds will largely be used to provide personnel at the district to support and guide administrators and instructional staff in the implementation of a continuous improvement cycle focused on English Language Development and Content Achievement through Designated and Integrated ELD and use of data to guide instruction. TESD has consistently outscored the state average on both CELDT and now ELPAC achievement. We review and discuss these results with all stakeholders in a variety of formats throughout the year. We believe our strong core program meets the needs of most EL students. We will continue to diligently examine state level data to ensure that our students are meeting state achievement expectations for EL students. The TESD staff administers DRA and STAR reading and math assessments throughout the year. These results are disaggregated and discussed in grade level teams. As part of ELPAC accountability the district annually analyzes and tracks the reclassification rate of EL students. Based on this process we are able to determine if our EL students are making adequate growth and if instructional changes need to be implemented.

TITLE IV, PART A

Title IV, Part A Activities and Programs

ESSA SECTION 4106(e)(1)

Each LEA, or consortium of LEAs, shall conduct the Title IV needs assessment once every 3 years. (see below)

Describe the activities and programming that the LEA, or consortium of such agencies, will carry out under Subpart 1, including a description of:

- (A) any partnership with an institution of higher education, business, nonprofit organization, community-based organization, or other public or private entity with a demonstrated record of success in implementing activities under this subpart;
- (B) if applicable, how funds will be used for activities related to supporting well-rounded education under Section 4107;
- (C) if applicable, how funds will be used for activities related to supporting safe and healthy students under Section 4108;
- (D) if applicable, how funds will be used for activities related to supporting the effective use of technology in schools under Section 4109; and
- (E) the program objectives and intended outcomes for activities under Subpart 1, and how the LEA, or consortium of such agencies, will periodically evaluate the effectiveness of the activities carried out under this section based on such objectives and outcomes.

NOTE: If the LEA received more than \$30,000 in Title IV, Part A funding and did not transfer the allocation, the LEA must:

- 1. use not less than 20 percent of Title IV, Part A funds to support one or more safe and healthy student activities;
- 2. use not less than 20 percent of Title IV, Part A funds to support one or more well-rounded education activities;
- 3. use a portion of Title IV, Part A funds to support one or more effective use of technology activities; and
 - a) 15 percent max cap on effective use of technology for purchasing technology infrastructure.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TESD is committed to provide a well-rounded education with effective technology. The title IV funds will be utilized to purchase the devices necessary to provide high quality web based curriculum, instruction and intervention along with a music teacher and supplies needed. In addition to these classroom needs our elective course work related to journalism, game design, STEM, agriculture, typing, speech, music and design all rely on high quality technology. This entitlement will assist us with the purchase of necessary supplies needed to continue the implementation of these programs.

The objectives and intended outcomes of the aforementioned activities are to give all students access to core curriculum, prepare students with career skills, and engage students in the learning environment. TESD will evaluate the effectiveness by trimester by analyzing district benchmark results, measuring community involvement during family engagement nights, and analyzing monthly chronic absenteeism reports.

Title IV, Part A Needs Assessment

According to the Every Student Succeeds Act (ESSA), all local educational agencies (LEAs) receiving at least \$30,000 must conduct a needs assessment specific to Title IV, Part A (ESSA Section 4106[f]). Each LEA, or consortium of LEAs, shall conduct the needs assessment once every three year (ESSA Section 4106[d][3]).

Well-rounded Education Opportunities (ESSA Section 4107)

Identify any indicators, or measures/data points to examine needs for improvement of the Title IV, Part A priority content areas.

What activities will be included within the support for a well-rounded education?

How will the activities be evaluated for the effectiveness of strategies and activities funded under Title IV, Part A. Include the indicators, or measures/data points used to determine future program planning?

Safe and Healthy Students (ESSA Section 4108)

Identify any indicators, or measures/data points to examine needs for improvement of the Title IV, Part A priority content areas.

What activities will be included within the support for safety and health of students?

How will the activities be evaluated for the effectiveness of strategies and activities funded under Title IV, Part A. Include the indicators, or measures/data points used to determine future program planning?

Effective Use of Technology (ESSA Section 4109)

Identify any indicators, or measures/data points to examine needs for improvement of the Title IV, Part A priority content areas.

What activities will be included within the support of effective use of technology? Note: No more than 15 percent on technology infrastructure (ESSA Section 4109[b])

How will the activities be evaluated for the effectiveness of strategies and activities funded under Title IV, Part A. Include the indicators, or measures/data points used to determine future program planning?

- Note: All planned activities must meet the authorized use of funds criteria located on the Title IV, Part A Authorized Use of Funds web page at <https://www.cde.ca.gov/sp/st/tivpaauthuseoffunds.asp>.

Definition of Workplace Violence

Workplace violence includes threats or acts of violence at any location where an employee may be conducting Tipton Elementary School District business. Examples of prohibited conduct include but are not limited to:

- Hitting, shoving, or making contact in a threatening manner.
- Threatening harm to individuals or their families, friends, associates, or property.
- Harassing or threatening communications.
- Aggressive behavior causing a reasonable fear of injury or emotional distress.

Types of Violence

(I) "Type 1 violence," indicating workplace violence committed by a person with no legitimate business at the worksite, including violent acts by anyone entering the workplace or approaching workers with the intent to commit a crime.

(II) "Type 2 violence," denoting workplace violence directed at employees by customers, clients, patients, students, inmates, or visitors.

(III) "Type 3 violence," referring to workplace violence against an employee by a present or former employee, supervisor, or manager.

(IV) "Type 4 violence," signifying workplace violence committed in the workplace by a person who does not work there but has or is known to have had a personal relationship with an employee.

Employee Conduct

Tipton Elementary School District will not tolerate violence or threats by employees. Violations may result in disciplinary action, including termination, in accordance with union agreements and Tipton Elementary School District policy.

If an employee observes a situation where someone exhibits behavior that could potentially be threatening, harmful, or violent, the employee is responsible for the following actions:

- Notify their Supervisor / HR
- Notify the Police Department and Fire Department for assistance and evacuation.

If a potential conflict begins and seems to escalate, employees should follow these measures:

- A. Remain calm.
- B. Protect themselves and the public.
- C. Notify their supervisor or department head if possible.
- D. Evacuate the premises if required, moving to a safe area.

Provide first aid (if trained) for any injured parties until the Fire Department arrives.

Additionally, any employee who independently obtains a restraining order or injunction against someone posing a credible risk of violating the order at the employee's worksite must inform the Human Resources Department. The Human Resources Department, in collaboration with the Tipton Elementary School District Attorney and Police Department, will then assess the provisions of the restraining order or injunction to determine whether the employee should provide a copy to their department for the purpose of enforcement at the work site.

Non-Employee Conduct

Violence or threats by the public against employees or at the workplace are not tolerated. Actions may include denial of access, controls on interactions with staff, and referral to law enforcement.

Enforcement and Action

All Department Heads are responsible for enforcing this Plan. Managers must take appropriate action in response to Plan violations, including workplace removal, evacuation, or lockdown.

Communication

Injuries and illnesses can have a lifelong impact on your healthy lifestyle. To ensure that all employees are well prepared to work for the Tipton Elementary School District, all employees will receive safety orientation as part of your initial hiring. Safety orientation will include a discussion of the Tipton Elementary School District's safety and health plans as well as a copy of this plan.

As part of the safety orientation, each employee will receive a copy of the Tipton Elementary School District Workplace Violence, have time to read the plan, and ask any questions. All employees will sign that they have received the plans and that they have had time to read and ask questions.

All employees will receive safety training which applies to all employees regardless of projects they may be assigned to. Before starting a new assignment or project, employees will receive safety instructions relevant to the assignment/project. All employees are entitled to ask questions or request guidance at any time from their supervisor on any safe work practices that are unclear to them.

The Tipton Elementary School District has implemented a system of signage, posters, and handouts distributed throughout our facilities occasionally. All employees are required to observe such postings.

In addition, any employee may report safety hazards or violations to their supervisor at any time. In the event the supervisor has not addressed the safety hazard or violation, you may report the issue directly to the Human Resources / Risk Management Office. If you would like to anonymously report safety hazards or violations, you may complete the Anonymous Safety Report form and place it in a safety suggestion box located throughout our facilities or mail it directly to the HR Management Office.

For those areas and employees identified as being covered by the Construction Safety Orders, the supervisor or designated employee shall conduct and document "toolbox" or "tailgate" safety meetings, or equivalent, with their crews at least once every 10 working days to emphasize safety to include workplace violence.

Below are some ways the Tipton Elementary School District may communicate safety & health and workplace violence hazards to employees:

- New Employee Orientation, including a review of safety and health plans and procedures.
- Review of the Tipton Elementary School District Workplace Violence Prevention Plan.
- Department-specific safety training programs (per the safety training matrix) and procedures.
- Regularly scheduled department safety meetings.
- Posted or distributed safety information.
- System for employees to anonymously inform management about workplace hazards.
- On-the-job safety training.

Compliance

Safety is a core work ethic standard and as such, all Tipton Elementary School District employees, including managers and supervisors, are responsible for complying with our safety and health work practices.

All employees will be evaluated on safety by their supervisors as part of their daily activities. You can expect to receive immediate feedback on work practices that do not comply with our safety and health policies. As a Tipton Elementary School District employee, you are entitled to ask questions or request guidance at any time from your supervisor on any safe work practices that are unclear to you.

In addition, Tipton Elementary School District employees who commit serious safety violations, commit repeat violations or are unwilling to follow our safe work practices will be subject to the Tipton Elementary School District's disciplinary procedures in accordance with Board Policies, Administrative Regulations, and Union Agreements. Staff who jeopardize the safety and health of fellow employees will be subject to immediate dismissal as outlined in the Tipton Elementary School District's disciplinary procedures in accordance with Board Policies, Administrative Regulations, and Union Agreements.

Reporting

Employees shall report workplace violence or threats of unlawful violence to their manager/supervisor or Superintendent. Individuals aware of potential risks shall inform a manager.

Employees may also report directly to law enforcement by dialing 9-1-1

Investigation

The Tipton Elementary School District will investigate allegations of workplace violence, maintaining confidentiality when anonymity is requested.

Retaliation

Tipton Elementary School District prohibits retaliation against those reporting workplace violence. Retaliatory actions by employees are also violations of this Plan. Employees who report workplace violence or threats of unlawful violence in good faith will not be retaliated against nor fear reprisal.

Victims of Domestic Violence

Refer to National Domestic Violence Helpline <https://www.thehotline.org> .

Workplace Violence Emergencies

Employees may be alerted to workplace violence in a variety of ways including direct communication, email, phone calls, text messages, alarms, announcements of public address systems, or other methods.

Employees should activate our emergency response plan and be ready to shelter in place or evacuate. Employees should follow our protocols for run, hide, fight.

Information about the exact location, presence, and nature of the incident will be communicated as information is obtained through the various communication channels listed above. Understand that unannounced imminent threats may have no warning and information may be highly limited.

In the event that, you need immediate assistance, you may contact security or law enforcement by dialing 9-1-1. For non-imminent assistance, you should contact your supervisor or human resources/risk management.

Training

Our mission is to improve the quality of life in Tipton Elementary School District through active community engagement and the efficient delivery of outstanding public services. Working safely is one of the core components in achieving our mission. Understanding safe work practices and being able to work in a safe manner helps employees contribute to the Tipton Elementary School District's mission. Tipton Elementary School District provides safety training on a variety of workplace topics to help employees work in a safe and healthy manner. All employees are required to attend new employee orientation and periodic safety training. Employees are required to sign in on all sign-in sheets present at safety training.

When the Tipton Elementary School District established this Workplace Violence Prevention Plan, we provided training to employees to familiarize them with the provisions of the Plan as well as our philosophy on working safely. As a new Tipton Elementary School District employee, you will receive similar training as part of your orientation.

Before beginning a new assignment, employees will receive specific safety training for the project. Supervisors may discuss the hazard analysis with you to ensure that you are aware of the safety requirements and hazards that they face on the project. In addition, if the project requires the use of tools or the performance of operations in which employees have not yet been trained, then you should complete the appropriate training before starting the project.

When the Tipton Elementary School District obtains new equipment, and chemicals, adopts new processes/procedures, or identifies new or unrecognized hazards, employees will be expected to complete the appropriate safety training to work safely. All employees should report their training needs to their Supervisor if they encounter new equipment, chemicals, processes/procedures, or hazards and they have not received safety training.

Supervisors are responsible for the safety and health of their employees and should take the appropriate time required to educate and familiarize themselves with the hazards that their team may face daily. If you require additional assistance, training, or consultation, you should place your request with the Department Manager or Risk Manager.

Evaluating Hazards

Identifying hazards, safety violations, and other conditions that may cause injury or illness is vitally important to maintaining a healthy work environment. No matter how safe employees may work, working in an unsafe environment presents challenges to maintaining your personal safety. While employees may be well educated in safety and health matters, the Tipton Elementary School District may hire outside safety professionals from time to time to evaluate our program and conduct safety audits or inspections.

Some operations or equipment may require more frequent assessment to identify safety hazards. The following actions and timeframes should be followed:

- a. When Safety Orders of the California Code of Regulations that govern the operation or activity (e.g., General Industrial Safety Orders, Construction Safety Orders, etc.) are revised.
- b. During the accident investigation process.
- c. When revealed during a routine inspection.
- d. Whenever new substances, processes, procedures, or equipment are introduced to the workplace that represents a new safety hazard.
- e. Whenever the Department is made aware of a new or previously unrecognized hazard.
- f. When employee safety suggestions are made regarding a hazard.

Hazard Correction

Hazards can lead to injuries and illnesses. When hazards are identified on projects or in Tipton Elementary School District facilities, they should be addressed immediately. Some hazards may be fixed by employees immediately with the tools available to you and if you are qualified or competent in the matter.

When hazards threaten the lives of employees and cannot be immediately fixed, employees should remove themselves from the area and inform fellow employees and their Supervisor. The hazards should be identified with appropriate signage, tape, or other means to warn fellow employees not to enter the area where the hazard exists. Only employees who have the appropriate training or ability and appropriate safety gear to correct the hazard may enter the area for the purpose of fixing the hazard. When serious hazards are fixed, a report of the hazard correction should be made to the Risk Manager for review. The Risk Manager may wish to inspect the corrected hazard to ensure that the hazard has been properly fixed so that employees may continue working in a safe environment.

If you are made aware of a new hazard or have identified a hazard that was not previously recognized, it should be brought to the attention of your Supervisor so they may conduct an inspection or assessment.

Employee concerns and follow-up

Employees who have concerns of workplace violence may report directly to their supervisor. The supervisor will ensure that those concerns are provided to HR/Risk Management. Following the assessment of those concerns, employees will be informed of the results of the investigation and corrective actions in a meeting with HR/Risk Management and their supervisor (if applicable). In addition, depending on the type of concern, specific or general, employees may be informed via Plan updates, training, memos, toolbox talks, and the like. See our communication section For further information.

Post-incident response and investigation

Following any workplace violence incidents, the Tipton Elementary School District may take a variety of measures to respond based on the severity of the incident and the breadth of the incident. This may include offering counseling, medical services, closing operations, offering work from home, offering increased security, and the like.

An investigation will follow the incident and may include law enforcement involvement and outside legal investigators. The Tipton Elementary School District will follow its IIPP and Harassment investigation protocols as well. Depending on who is involved in the investigation, HR/Risk Management may lead the investigation or assign it to an outside law firm or investigator team.

Review of this plan

The plan and the incident log shall be reviewed annually and shall allow for the inclusion of employee input, and authorized employee representatives (union representatives). The plan shall also be reviewed following workplace violence incidents and when deficiencies are observed, reported, and the like.

Active Involvement

Employee involvement is appreciated and often better suited to correcting hazards in the workplace due to the intimate knowledge of the location and operation. Employee and authorized representatives may participate in plan development, hazard correction, and identifying, evaluating and implementing of the plan in a variety of methods including:

- Participating with the safety committee
- Submitting concerns
- Submitting feedback for the annual review
- Expressing interest in serving on the workplace violence annual review committee

Record Keeping

Records will be kept in accordance with the Tipton Elementary School District record-keeping policy and at a minimum of five (5) years. Employees may access records in accordance with our record keeping policy.

5.9 Resolution 2023-2024-12 Approving Sale of Unneeded Personal Property

AGENDA ITEM

TITLE: RESOLUTION NO. 2023-2024-12 APPROVING AND AUTHORIZING THE SALE OF UNNEEDED PERSONAL PROPERTY PURSUANT TO EDUCATION CODE SECTION 17545 ET SEQ.

CONTACT PERSON:

Stacey Bettencourt, Superintendent, Tipton Elementary School District

QUICK SUMMARY/ABSTRACT:

The Governing Board will consider authorizing the sale of unneeded personal property of the District by private sale, public auction, or as otherwise authorized.

RECOMMENDED MOTION:

It is recommended that the Board of Trustees adopt the Resolution to make a finding, by a unanimous vote, that the items do not exceed \$2,500.00 in value, and to sell the unneeded personal property of the District by private sale, public auction, or as otherwise authorized.

DISCUSSION:

The District intends to sell unneeded articles of personal property, including podiums, bookshelves, and furniture that have become obsolete and no longer serve the needs of the District due to their age and state of repair.

The Administration recommends authorizing the District to sell these items via private sale or public auction to the highest responsible bidder.

)	RESOLUTION APPROVING SALE
)	OF UNNEEDED PERSONAL
		PROPERTY

WHEREAS, the Tipton Elementary School District (the “District”) desires to sell unneeded personal property as described in Exhibit A (the “Unneeded Personal Property List”) attached hereto;

WHEREAS, the personal property described in Exhibit A is not needed for school purposes pursuant to Education Code section 17545 et seq.; and

WHEREAS, the Board hereby finds that it is in the best interests of the District to sell the unneeded personal property described in Exhibit A; and

WHEREAS, the Board hereby finds that the value of the property described in Exhibit A does not exceed \$2,500.00, and thus may be sold at private sale without advertising, by any employee of the District empowered for such purpose by the Board, as set forth in Education Code section 17546 et seq.; and

WHEREAS, to the extent the District is able to sell the unneeded personal property, it desires to do so such that all items are sold in “as-is” condition, and the District assumes no liability in such sales; and

NOW THEREFORE, BE IT RESOLVED that the Board of Trustees of the Tipton Elementary School District, hereby finds, determines, and orders as follows:

1. The foregoing recitals are adopted as true and correct and the Board so finds, determines, and incorporates the same herein by this reference. Specifically, the Board hereby finds that (i), the personal property listed in Exhibit A is not needed for school purposes pursuant to Education Code section 17545 et seq., (ii) it is in the best interests of the District to sell the unneeded personal property, and (iii) the value of the personal property listed in Exhibit A does not exceed \$2,500.00, and thus may be sold at private sale without advertising, by any employee of the District empowered for such purpose by the Board, as set forth in Education Code section 17546 et seq.

2. The District shall designate an authorized representative (“Authorized Representative”) to facilitate the sale of the unneeded personal property pursuant to District policies.

3. Each Authorized Representative is authorized to direct the sale of the unneeded personal property by means of private sale or public auction conducted by employees of the District or other public agencies, or to execute an agreement, on the District’s behalf, with a private auction firm to conduct the public auction.

4. Each Authorized Representative is further authorized and directed to do any and all things, and to execute any and all documents which they deem necessary or advisable in order to carry out, give effect to, or comply with the terms and intent of this Resolution.

5. This Resolution shall take effect immediately upon its adoption.

 - 5.10 Memorandum of Understanding by and Between California School Employees Association and Its Tipton Chapter 765 and the Tipton Elementary School District

MEMORANDUM OF UNDERSTANDING BY
AND BETWEEN
CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION AND ITS TIPTON
CHAPTER 765
AND THE TIPTON ELEMENTARY SCHOOL DISTRICT
May 16, 2024

The following Memorandum of Understanding ("MOU") reflects the full and complete agreement of the California School Employees Association and its Tipton Chapter 765 ("CSEA") and the Tipton Elementary School District ("District") (collectively referred to as the "Parties"), regarding staffing procedures of classified work for the District's Expanded Learning Opportunities Program ("ELOP") Plan for the 2024-2025 school year.

RECITALS

- A. CSEA is the exclusive representative for certain classified employees of the District. The District and CSEA have negotiated a collective bargaining agreement ("CBA"), which governs the terms and conditions of employment for bargaining unit members.
- B. California Education Code section 46120 addresses the use of additional funding for schools to use in providing students in in-person instructional programs access to comprehensive after school and intersessional expanding learning opportunities.
- C. The Parties enter into this MOU to establish staffing procedures as it relates to classified work performed under the District ELOP Plan for the 2024-2025 school year.

AGREEMENT

The Parties agree as follows:

1. Recitals. The recitals set forth above are true and correct.
2. Extra Hours/Work. The Parties agree that it shall be the exclusive right of the District to determine if there is a need for extra work under the ELOP Plan, the duties to be performed and the daily length and/or duration of those duties.
3. Intent to Participate. The District shall create an interest form that will be sent out to all current classified employees in the bargaining unit. This interest form shall be the employee's election to be contacted for extra hours of classified work, as solely determined and offered by the District, as it pertains to the District's ELOP Plan. Following the date the form is sent to employees, employees shall have one workweek to submit this form to the Superintendent's mailbox. This process shall not be applied to any summer hours/work. Employees hired after interest forms are sent out shall be provided an interest form upon hire.

4. Right of Refusal. Classified employees shall have the first right of refusal to all hours of classified work offered for the District's ELOP Plan, in classifications for which the classified employee meets the minimum qualification. These hours will be offered first to classified employees within their classification, with priority given to the ASES staff, and then to other classified employees, and then may be offered outside of the classified bargaining unit.
5. Scheduling. Employees who submit an interest form shall be contacted to perform extra hours based on seniority (date of hire), when practicable. This contact shall be made as far in advance as possible. It is within the District's sole discretion to determine the number of hours each classified employee shall be assigned as it relates to the ELOP Plan.
6. Compensation Rate for ELOP Hours. All employees working hours within the District's ELOP Plan, pursuant to this MOU, shall receive a pay incentive rate of forty dollars (\$40.00) per hour.
7. Overtime. If, based on the extra hours worked pursuant to this MOU, an employee is entitled to overtime compensation, the employee shall be compensated in accordance with applicable law using a blended overtime rate calculated in accordance with the Fair Labor Standards Act for any hours worked in excess of 40 in one week.
8. Adjustment to Assigned Time. The Parties recognize that the extra work which may be offered to unit members under this MOU is of a temporary nature and any hours spent by the unit member performing this work shall not become a part of the unit member's regular work assignment. Accordingly, Section 6.10, Adjustment to Assigned Time, shall be suspended for any work performed pursuant to this MOU.
9. Accruals: Bargaining Unit Members shall accrue additional sick leave, vacation, and applicable Holidays, for the extra hours they work in accordance with all applicable law. The additional hours will be reported to CalPERS for retirement purposes.
10. Summer Program. The District's ELOP Plan shall be incorporated into summer school with the morning hours being certificated based on enrichment and the afternoon being continued enrichment. These summer hours shall be offered in accordance with the CBA related to applying for and assigning summer school work.
11. Compensatory Time Off. Employees shall not be eligible for compensatory time off in lieu of overtime related to hours worked pursuant to this MOU.

12. Discipline. All hours are voluntary, and employees shall not be disciplined for refusing extra assignments.
13. Term. This Memorandum of Understanding shall be valid July 1, 2024, through June 30, 2025, unless extended or modified by mutual agreement.
14. Changes to Statute/Program. The Parties agree to meet and confer if there are any changes to the ELOP Plan or Education Code section 46120 and shall meet and negotiate the effects of those changes.
15. No Past Practice/Precedent. The Parties agree that this MOU is not precedent setting and does not constitute a past practice. The Parties agree the terms of this MOU shall only apply to the District's 2024-2025 ELOP Plan, and any future summer program assignments and extra duty assignments, or extra hours unrelated to the District's ELOP, shall be governed by the terms of the CBA.
16. Inconsistencies with Law. If any term or provision of this MOU is inconsistent with any applicable law or any order issued by any federal, state, or local officer or agency having jurisdiction over the District, or if the inconsistency could result in a loss of state or federal funding, the terms of the applicable law/order shall prevail and the inconsistent term of this MOU shall be disregarded. In this instance, the Parties shall negotiate the changes to this MOU as soon as possible and, in advance, if practical.
17. Execution. The undersigned Parties represent they have read and understand the terms of the MOU and are authorized to execute this MOU on behalf of their principals. Copies of signatures shall have the same force and effect as original signatures. Facsimile and electronic signatures shall be deemed original signatures.
18. Ratification. This MOU is subject to ratification by the District's Board of Trustees and CSEA membership.
